NOTICE

NOTICE IN TERMS OF SECTION 116(3) OF THE LOCAL GOVERNMENT: MUNICIPAL FINANCE MANAGEMENT ACT, 2003 (ACT 56 OF 2003) FOR THE AMENDMENT TO THE EXISTING APPOINTMENT OF NTSAKO TIYANI AND ASSOCIATES (PTY) LTD FOR THE AWARDED PROJECT No. LIM473/MOKWETE-ROAD/18/19/002: CONSTRUCTION OF ROAD FROM MOKWETE TO MOLEPANE/NTOANE PHASE 2 (TENDER, SUPERVISION AND CLOSE-OUT).

Notice is hereby given in terms of Section 116(3) of the Municipal Finance Management Act, 56 of 2003 (MFMA) that Makhuduthamaga Local Municipality intends to amend the existing professional services contract with Ntsako Tiyani and Associates (Pty) Ltd in respect of contract: Number: **LIM473/MOKWETE-ROAD/18/19/002: CONSTRUCTION OF ROAD FROM MOKWETE TO MOLEPANE/NTOANE PHASE 2 (TENDER, SUPERVISION AND CLOSE-OUT)**. The proposed amendment relates to the adjustment of professional fees for the Tender, Construction Supervision and Close-out stages associated with Phase 2 of the project. Ntsako Tiyani and Associates (Pty) Ltd was appointed by the Municipality on 13 October 2018 to provide professional engineering services for the construction of the approximately 11.5 km road from Mokwete to Molepane/Ntoane. Following completion of the detailed design, the Municipality subsequently resolved to implement the project in phases due to funding and implementation considerations.

The consultant completed the applicable tender, construction supervision and close-out services associated with Phase 1, resulting in the exhaustion of the professional fees originally provided for these stages. Phase 2 was subsequently procured as a separate construction contract with the newly appointed contractor to execute actual works.

The proposed amendment is required for the following reasons:

1. The original appointment contemplated implementation of the full project under a single construction contract.
2. The project was subsequently divided into phases due to funding and implementation considerations.
3. The consultant has completed the professional services associated with Phase 1, including the applicable tender, supervision and close-out services.
4. Phase 2 constitutes a separate construction contract requiring additional professional services.
5. The continued involvement of the original professional team is necessary to ensure continuity of design intent, proper contract administration, construction monitoring, quality assurance and project close-out.
6. The additional fees have been assessed against the applicable professional fee guidelines and the actual requirements of Phase 2.

Notice is hereby further given in terms of Section 21 and 21A of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) that the local community and interested / affected parties are invited to submit comments or representations to the Municipality in respect of the above, such comments or representations must be received within 14 days of advertisement via electronic mail to the e-mail address provided below, or be delivered to the undersigned to the mailing address provided hereunder. Persons who are physically disabled or who cannot read or write but wish to participate in the process, may come during office hours to the Municipal Offices, Supply Chain Department, Makhuduthamaga, where a staff member will assist that person to transcribe that person's comments or representations. 1. Invitation

The Department of Sport, Arts and Culture (DSAC), through the ACPD funding Programme, invites eligible and experienced organisations and sector intermediaries within the Cultural and Creative Industries (CCIs) to submit proposals for Strategic Partnerships aimed at creating sustainable jobs, stimulating economic activity and expanding markets within South Africa's creative economy. The intervention will be implemented through the Strategic Partnerships Flagship Projects mechanism provided for in the Arts and Culture Promotion and Development Funding and Transfers Policy. Projects must fall within departmental programmes, support the mandate and objectives of DSAC, and demonstrate national-level or significant sector-wide impact

For the 2026/27 financial year, it is proposed that the ACPD Strategic Partnerships Funding Round prioritise the promotion, preservation, development and continued evolution of significant South African music genres, through five identified provincial strategic music interventions focusing on Maskandi, Motswako, Hip Hop, Gospel and Kwaito. This intervention falls within the Mzansi Roar concept as announced by the Department.

The proposed arrangements are intended to enhance the Department's ability to respond to strategic and time-sensitive opportunities while ensuring that the consideration, recommendation and approval of funding remain subject to the Public Finance Management Act, 1999 (Act 1 of 1999), as amended (PFMA), applicable Treasury Regulations, approved departmental policies and delegations, and relevant government protocols.

Successful partnership proposals will be allocated by the directive of DSAC on which province should be assigned for the implementation of the strategic project.

2. Funding Purpose

Proposals must be innovative, implementable, scalable and demand-led. They must address structural or market barriers that constrain creative enterprise growth, market access and employment absorption. The programme is intended to fund economic interventions, not isolated activities without measurable employment and market outcomes.

3. Eligible Strategic Partners

Applicants must be appropriately constituted legal entities and must have the governance, financial management, and implementation capacity to enter an MOA and account for public funds. They must demonstrate experience and competence in implementing the following:

- Established festival, live-event, touring, cultural tourism or any other creative-industry-related event. (Film, music, performing arts, fashion, design, visual arts, heritage or digital-creative promoters with a proven commercial track record)
- Applicant with national or significant multi-provincial reach, established audiences and credible market relationships
