## 1.1 Mayor's report.

Honourable speaker

The Executive committee

Our Traditional Leaders

Acting Municipal Manager

Honourable councillors

Senior Managers

Ladies and gentlemen

Allow me honourable speaker, to greet and welcome everyone present in this council seating of today. Let me also indicate that, as a Local Municipality, we are allowed by the municipal legislation in terms of section 28 subsection (1), (2)(a)(b)(c)(d)(e) of the Municipal Finance Management Act No 56 of 2003, to adjust the municipality's annual budget as it was approved in May 2017 and service delivery targets when necessary after considering the Municipality's half yearly performance in terms of section 72 of the MFMA reports. The municipality has reviewed its performance for the first six months of the 2017/18 budget year in terms of section 72 of MFMA and found it necessary to adjust the municipality's annual budget and Service Delivery and Implementation Plan for 2017/18 and the MTREF.

Honourable Speaker

The municipality's total budgeted revenue for 2017/18 has been adjusted from **R 392 million** to **R 405 million** which is made of **R 87 million** from own sources of revenue and **R 318 million** from government grants. The municipality did allocate the cash backed reserves to the amount of **R 71.5 million** to fund the expenditure programmes in excess of the total budgeted revenue for 2017/18. The municipality's total funding for 2017/18 is **R 477 million** inclusive of the cash backed reserves.

### Budgeted Expenditure

The municipality's total budgeted expenditure for 2017/18 has been adjusted from **R 414 million** to **R 476.5 million** which is made of operational expenditure to the amount of **R 327 million** and capital expenditure to the amount of **R 149 million**.

### Adjustments on Operational Expenditure

The municipality did have some savings of about **R 3.2 million** on the employee related costs for 2017/18 due to some vacant positions which were not filled as planned and budgeted for during the first six months of the 2017/18 financial year. It was therefore deemed appropriate, as guided by section

28(1) (2) d of the MFMA, to reallocate these savings on some of the operational expenditure items which were likely to overspend and required additional funding to accelerate the service delivery levels.

Debt Impairment was remained unchanged at **R 28 million** for 2017/18.

Depreciation on capital assets was also increased by **R 1.7 million** as more capital assets were budgeted to be acquired during the year.

Contracted services has increased by **R 78 million** due to the increase in the amount of maintenance work to be done for the roads & bridges & maintenance of the electrical infrastructure assets, also some new changes introduced by the mSCOA where some items of expenditure which were previously classified as other expenditure are now being classified as contracted services.

Other expenditure has decreased by **R 18 million** due to the classification of some expenditure items as contracted services as per the mSCOA requirements.

### **Adjustments on Capital Expenditure**

The municipality's total capital budget was adjusted from **R 145 million** to **R 149 million** for the 2017/18 financial year.

Below are the capital projects which were affected by the budget adjustments:

Makgwabe Mphane access road 2017/18 (MIG) – decreased by **R 7.5 million**.

Kolokotela Internal Road 2017/18 (MIG) – Increased by **R 791 thousands**

Rietfontein to Eensam access road 2017/18 (MIG) – decreased by **R 9.5 million**.

Thabampshe Cross to Tswaing 2017/18 (MIG) - increased by **R 6.8 million**

Glen Cowie Moloji access road 2017/18 (MIG) – Increased by **R 16.8 million**

Mashabela Mphane access road 2017/18 (MIG) – budget reduced to **R 0**.

Mohlala Ngwanatshwane access bridge 2017/18 (ES) – decreased by **R 2 million**

Thusong centre 2017/18 (ES) – budget reduced to **R 0**.

Maila Mapitsane access road 2017/18 (ES) – Increased by **R 7 million**

Manganeng Bridge 2017/18 (ES) – Increased by **R 350 thousands**

Sekhukhune Traffic Station access road 2017/18 (ES) – **decreased R 2 million**

Cabireve Khayelicha access bridge 2017/18 (ES) – **decreased R 2.5 million**

Mokwete Molepane access road 2017/18 (ES) – **decreased R 439 thousands**

Mochadi access road 2017/18 (ES) – **decreased R 439 thousands**

Seruteng Marishane access bridge 2017/18 (ES) – **decreased R 439 thousands**

Maila Mapitsane to Magolego access road 2017/18 (ES) – **decreased R 439 thousands**

Mathapisa Kgaruthuthu access road 2017/18 (ES) – **decreased R 439 thousands**

Rehabilitation of Phaahla access road 2017/18 (ES) – **decreased R 439 thousands**

The following projects were carried over from the 2016/17 financial year to the 2017/18 financial year, however no budget allocation was provided for, for the implementation of these projects in the 2017/18 financial year. Expenditure was incurred on all projects in 2017/18 as the projects were ongoing with a view that funding will later be allocated during the budget adjustment in a form of cash backed reserves.

No multi-year shifting of funds was done in relation to the capital expenditure budget.

No budget adjustments were effected on the equitable share and all other grant allocations except for the MIG roll over approval of **R 6 million** for the 2018/18 financial year.

Mogashoa Ditlhakaneng storm water 2017/18 (ES) – **R 2.5 million**

Mathibeng Tribal office storm water 2017/18 (ES) – **R 6.5 million**

Madibaneng 2017/18 (ES) – **R 741 thousands**

Honourable speaker

The municipality's adjustment budget was presented to the executive committee of the municipality and the committee was satisfied with the adjustments made to the original budget for 2017/18 financial year. I am therefore hereby, in terms of section 28 of the MFMA Act no 56 of 2003 table the adjustment to council for adoption and approval.

Thank You.

### 1.3 Executive Summary.

Makhuduthamaga Local Municipality has prepared its Adjustment budget for 2017/18 in accordance with section 28 of the Municipal Finance Management Act and Chapter 2, part 4 of the Municipal Budget and Reporting Regulations as published under GN 393 in GG 32141 dated 17 April 2009. Where appropriate, forecasts for both revenue and expenditure for outer years 2018/19 and 2019/20 have been adjusted accordingly to incorporate changes brought forward by the mid-year budget and performance assessment to ensure a well-funded budget for the MTREF.

The municipality's financial management strategies and service delivery priorities were reviewed as part of the mid-year budget and performance assessment in terms of section 72 of the Municipal Finance Management Act. Where appropriate, funds were transferred from low- to high-priority programmes and funds not utilised as planned during the compilation of the annual budget were also re-allocated to other programmes to ensure services delivery and accurately satisfactory spending at the end of the financial year. Cash backed reserves are added to the municipality's revenue budget to fund expenditure programmes in excess of the revenue budgeted to be received in 2016/17 financial year.

The following findings were established during the mid-year budget and performance assessment review in January 2018 and the senior management of Makhuduthamaga Local Municipality found it necessary to adjust the annual budget for 2017/18 as approved in May 2017:

#### ADJUSTMENT ON REVENUE

##### Property Rates

The property rates budget had to be reduced by **R 1.1 million** due to non-approval of the proposed increase on tariffs for the 2017/18 financial year.

##### Interest received (Outstanding debtors)

The municipality has originally budgeted to collect **R 21 million** from interest charged on long-overdue debtors accounts for 2017/18, however due to non-payment of such debtors accounts and an increase in the amount of debtors, it was deemed necessary to increase the original budget by **R 12.5 million** as more interest charges are expected from long-overdue debtors accounts.

##### Interest on investment

The municipality has budgeted to earn an amount of **R 12.3 million** as interest on short term investments for 2017/18. The budget has been reduced to **R 9 million** as the investments due to the short investment periods and less interest rates being offered by the financial institutions.

The Municipality has invested an amount of **R 100 million** with different financial institutions as at the 31 December 2017. Some of the invested amounts are being withdrawn to fund the municipal operations as & when deemed necessary to do so.

It was therefore deemed necessary to reduce the budgeted interest amounts by **R 3 million**.

## Other income

The municipality budgeted to receive **R 821 thousands** from the sales of tender documents and other sources of income by for 2017/18, however it became quite evident that municipality will not collect much as anticipated for the remaining six months of the financial year and the budget for other sources of income was also reduced, the municipality did receive most of the VAT refunds amount from SARS in the first half of the 2017/18 financial year and therefore there will be less interest charges on the VAT receivable amounts in the last six months of the financial year.

The budgeted revenue amounts from sale of tender documents and other income were reduced by **R 266 thousands** and **R 101 thousands** respectively.

## Licenses and permits (Agency Services)

There were no adjustments on the budgeted revenue amounts from Licenses and permits.

## Municipal Infrastructure Grant

The municipality did budget an amount of **R 63 million** for the infrastructure projects to be implemented during the 2017/18 financial year. This budget is increased by **R 6 million** of the approved roll over which was applied for in the previous financial year.

## Traffic Fines

The **R 632 thousands** budget on traffic fines has been reduced by **R 367 thousands** as the municipality has failed to collect on the outstanding traffic fines issued by the municipality for the first half of the 2017/18 financial year.

## ADJUSTMENT ON TOTAL BUDGETED EXPENDITURE

The municipality has originally budgeted a total expenditure of **R 414 million** and this budget is being adjusted to **R 476 million** as guided by Mid- year budget and performance assessment reports:

### Adjustment on Operational Expense.

The municipality did have some savings of about **R 3.2 million** on the employee related costs for 2017/18 due to some vacant positions which were not filled as planned and budgeted for during the first six months of the 2017/18 financial year. It was therefore deemed appropriate, as guided by section 28(1) (2) d of the MFMA, to reallocate these savings on some of the operational expenditure items which were likely to overspend and required additional funding to accelerate the service delivery levels.

Debt Impairment remained unchanged at **R 28 million** for the 2017/18 financial year.

Depreciation on capital assets was also increased by **R 1.7 million** as more capital assets were budgeted to be acquired during the financial year.

Contracted services increased by **R 78 million** due to the increase in the amount of maintenance work to be done for the roads & bridges which was under budgeted for during 2017/18 budget preparation. The implementation of the mSCOA project has also introduced some changes in the classification of the expenditure items were quite a significant number of expenditure items which were previously classified under other operational expenditure are being classified as contracted services.

There were also other items of expenditure such as Speaker's Public Participations, Mayor's Outreach and Special Programmes, Ward Committee Capacity Building, Repairs & Maintenance of other Assets, Stationery & Printing were their budgets have been increased accordingly to fund the additional expenses to be incurred in the last six months of the 2017/18 financial year.

### **Adjustment on Capital Expenditure**

The municipality's annual capital budget has been adjusted from **R 145 million** to **R 149 million** for 2017/18 financial year.

Below are the capital projects which were affected by the budget adjustments:

Makgwabe Mphane access road 2017/18 (MIG) – decreased by **R 7.5 million**.

Kolokotela Internal Road 2017/18 (MIG) – Increased by **R 791 thousands**

Rietfontein to Eensam access road 2017/18 (MIG) – decreased by **R 9.5 million**.

Thabampshe Cross to Tswaing 2017/18 (MIG) - increased by **R 6.8 million**

Glen Cowie Moloji access road 2017/18 (MIG) – Increased by **R 16.8 million**

Mashabela Mphane access road 2017/18 (MIG) – budget reduced to **R 0**.

Mohlala Ngwanatshwane access bridge 2017/18 (ES) – decreased by **R 2 million**

Thusong centre 2017/18 (ES) – budget reduced to **R 0**.

Maila Mapitsane access road 2017/18 (ES) – Increased by **R 7 million**

Manganeng Bridge 2017/18 (ES) – Increased by **R 350 thousands**

Sekhukhune Traffic Station access road 2017/18 (ES) – **decreased R 2 million**

Cabireve Khayelicha access bridge 2017/18 (ES) – **decreased R 2.5 million**

Mokwete Molepane access road 2017/18 (ES) – **decreased R 439 thousands**

Mochadi access road 2017/18 (ES) – **decreased R 439 thousands**

Seruteng Marishane access bridge 2017/18 (ES) – **decreased R 439 thousands**

Maila Mapitsane to Magolego access road 2017/18 (ES) – **decreased R 439 thousands**

Mathapisa Kgaruthuthu access road 2017/18 (ES) – **decreased R 439 thousands**

Rehabilitation of Phaahla access road 2017/18 (ES) – **decreased R 439 thousands**

The following projects were carried over from the 2016/17 financial year to the 2017/18 financial year, however no budget allocation was provided for, for the implementation of these projects in the 2017/18 financial year. Expenditure was incurred on all projects in 2017/18 as the projects were ongoing with a view that funding will later be allocated during the budget adjustment in a form of cash backed reserves.

No multi-year shifting of funds was done in relation to the capital expenditure budget.

No budget adjustments were effected on the equitable share and all other grant allocations except for the MIG roll over approval of **R 6 million** for the 2018/18 financial year.

Mogashoa Dithakaneng storm water 2017/18 (ES) – **R 2.5 million**

Mathibeng Tribal office storm water 2017/18 (ES) – **R 6.5 million**

Madibaneng 2017/18 (ES) – **R 741 thousands**

Total revenue has been adjusted from **R 391 million** to **R 405 million**. This reflects an increase of **R 13.5 million** or 3% as compared to the original budget. For the two outer years, total revenue will remain unchanged at **R 395 million** and **R 409 million** respectively, equating to a total revenue growth of **R 9 million** over the MTREF when compared to the 2016/17 financial year. The total revenue includes the grants allocations from the national treasury and conditional grants.

The municipality included the cash backed reserves to the amount of **R 32.2 million** in the adjustment budget for 2017/18 to fund the expenditure for commitments relating 2016/17 and the increase in the operational expenditure for 2017/18. This reserves are backed by cash in bank resulting from the under spending of the budget in the previous financial years and amount received from SARS for VAT input which is not committed to any other service delivery programmes.

Total operating expenditure budget for the 2017/18 financial year has been adjusted from **R 268 million** to **R 327 million** and translates into an operating budgeted surplus of **R 77.9 million** as indicated in table B4. As compared to the 2016/17 Adjustments Budget, operational expenditure has increased by 20% in the 2017/18 adjusted budget, declined by 19% for 2018/19 and an increase of 8% per cent for 2019/20 financial year. The operating surplus for the two outer years steadily increases to **R 131 million** and then **R 125 million** respectively. These surpluses will be used to fund capital expenditure and to further ensure cash backing of reserves and funds.

The capital budget of **R 145 million** for 2017/18 has been adjusted to **R 149 million** and increased by 3 per cent as compared to the 2016/17 adjusted budget on capital projects.

The capital expenditure decreases to **R 139 million** in the 2017/18 financial year and increases to **R 133 million** in 2019/20. Of the total capital budget an amount of **R 69 million** is funded by MIG for roads and bridges. The rest of the capital projects and acquisitions of new assets is being funded from the equitable share budget and Cash backed reserves.

## Operating Revenue Framework

For Makhuduthamaga Local Municipality to continue improving the quality of services provided to its communities it needs to generate the required sustainable revenue to meet its funding requirements. In these tough economic times strong revenue management is fundamental to the financial sustainability of every municipality. The reality is that we are faced with development backlogs and high level of unemployment in our municipality. The expenditure required to address these challenges will always exceed available funding; hence difficult choices have to be made in relation to balancing expenditures against realistically anticipated revenues. The fact is, we cannot increase the property rates tariffs in the near future as we still have very low level of revenue collection for the property rates which makes 48% of the total own revenue. Property rates tariffs remain unchanged at 0.15 cents in a rand.

In an attempt to ensure a strong revenue base, the municipality has also reviewed its revenue enhancement strategy to improve revenue collection in the 2017/18 financial year and the two outer years.

The municipality's revenue strategy is built around the following key components:

- National Treasury's guidelines and macroeconomic policy;
- Efficient revenue management, which aims to ensure a 95 per cent annual collection rate for property rates and other key service charges;

- Determining the tariff escalation rate by establishing/calculating the revenue requirement of each service;
- The municipality's Property Rates Policy approved in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA);
- Increase ability to extend new services and recover costs; (e.g. Waste collection project)
- The municipality's Indigent Policy and rendering of free basic services; and
- Tariff policies of the Municipality.

The following table is a summary of the adjusted 2016/17 MTREF (classified by main revenue source)

In line with the formats prescribed by the Municipal Budget and Reporting Regulations, capital transfers and contributions are excluded from the operating statement, as inclusion of these revenue sources would distort the calculation of the operating surplus/deficit.

The total revenue for the municipality excluding capital transfers after adjustments amount to **R 323 million** for 2017/18, **R 328 million** for 2018/19 and **R 339 million** for 2019/20. As indicated in the table above, revenue from interest on investment was decreased by **R 3 million** as the municipality did withdraw a significant amount from the investment account to fund the 2017/18 adjusted budget. Other revenue is also adjusted down by **R 367 thousands** as a result of lower sales on tender documents. MIG was also increased by **R 6 million** as a result of the approval of the roll-over on unspent allocation during the 2016/17 financial year.

No budget adjustments on licenses and permits for 2017/18.

Revenue from government grants forms a significant percentage of the total operating revenue for the municipality for all of the 201/18 MTREF. This clearly indicate that our municipality is dependent on government grants which contribute 73% of the total operating revenue in 2017/18 budget year and 79% across the whole 2016/17 MTREF outer years.

#### ❖ Operating Expenditure Framework

As indicated in the original budget, the municipality's expenditure framework for the 2017/18 budget and MTREF is informed by the following:

- The infrastructure projects plan in the IDP to address the backlog and the repairs and maintenance plan;
- Balanced budget constraint (operating expenditure should not exceed operating revenue) unless there are existing uncommitted cash-backed reserves to fund any deficit;
- Funding of the budget over the medium-term as informed by Section 18 and 19 of the MFMA;
- The capital programme is aligned to backlog eradication plan;
- Operational gains/ surpluses will be directed to funding the capital budget.
- Funding was allocated to only projects which have projects implementation plans to guard against under spending.

The following table is a high level summary of the adjusted operational expenditure budget for 2017/18 and MTREF (classified per main type of operating expenditure):

### Remuneration of councillors

The cost associated with the remuneration of councillors is determined by the Minister of Co-operative Governance and Traditional Affairs in accordance with the Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998). The most recent proclamation in this regard has been taken into account in compiling the municipality's adjusted budget for 2017/18. The total amount of **R 22 million** was calculated on Grade 3 and includes budget for Councillors allowance, cell phone allowance, data cards, pension and car allowance as contained in the circular received from the Minister of Co-operative Governance and Traditional Affairs.

### Debt impairment

The provision of debt impairment for 2017/18 was determined based on the Debt Write-off Policy of the municipality. For the 2017/18 financial year this amount was originally budgeted at **R 28 million** and it remains unchanged for the remainder of the financial year. While this expenditure is considered to be a non-cash flow item, it informed the total cost associated with rendering the services of the municipality, as well as the municipality's realistically anticipated revenues.

### Depreciation

Provision for depreciation and asset impairment has been informed by the Municipality's Asset Management Policy and GRAP 17. The original budget appropriations in this regard total **R 21.5 million** for the 2017/18 financial year and it was subsequently increased to **R 23 million** which amounts to 7% of the total budgeted operating expenditure.

### Finance charges

The municipality is not planning to use borrowing funds to fund its projects in the near future due to revenue generation incapacity and collection challenges.

### Contracted Services

Contracted services comprises of security services, cleaning services, repairs and maintenance for infrastructure assets and operating leases for office equipment and machinery as well as waste management expenses. For the current year budget, contracted services has been increased from **R 35.6 million** to **R 78 million** to provide for the significant increase in the repairs and maintenance expenditure of the municipal infrastructure assets and to also effect some of the changes introduced by the mSCOA requirements where some items of expenditure are now being classified as contracted services.

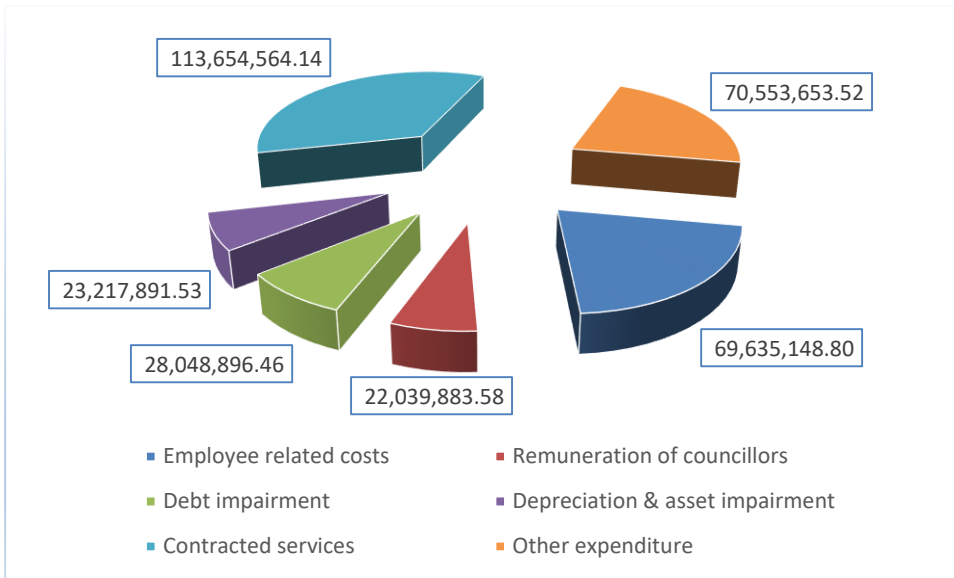

The budget for other expenditure has been decreased from **R 88.7 million** to **R 70.5 million** to effect some of the changes introduced by the mSCOA where some items of expenditure which were previously classified as other expenditure are now being classified as contracted services. There was also increase in some operational programmes such as public participation, mayoral outreach programmes and solid waste collection.

Further explanations and reasons for adjustments are provided under supporting documents of the adjustment budget under adjustments to Service Delivery and Implementation Plan.

The following bar chart gives a breakdown of the main expenditure categories for the 2017/18 financial year Adjustment Budget.

Main Operational Expenditure categories for 2017/18 financial year

### Adjustments on repairs and maintenance

Considering national treasury circular number 54, 55, 58 and 59 our municipality has put repairs and maintenance as one of the priorities to preserving and maintaining the municipality’s current infrastructure, to ensure that the existing assets are good working conditions and to lengthen the assets life span. The 2017/18 budget and MTREF provide for a growth in the area of asset maintenance, as informed by the repairs and maintenance plan of the municipality. In terms of the Municipal Budget and Reporting Regulations, operational repairs and maintenance is not considered a direct expenditure driver but an outcome of certain other expenditures, such as remuneration, purchases of materials and contracted services. In our municipality’s case, all repairs and maintenance services for our infrastructure assets will be done through contracted services as indicated in table SA1 of the B schedule. Repairs and maintenance is adjusted by **R 49.80 million** for the repairs and maintenance of the municipal infrastructure assets.

### Adjustments on Free Basic Services: Electricity tokens

The municipality gives free basic electricity tokens to poor households within the municipal jurisdictions to assist them as they cannot afford the electricity costs. Our municipality does not have a licence to sell electricity and therefore buys the tokens from Eskom for the affected households who registered with the municipality. To receive these free services the households are required to register in terms of the municipality’s Indigent Policy. Details relating to free services, cost of free basis services, revenue lost owing to free basic services as well as basic service delivery measurement is contained in Table 16 MBRR Table B10 (Basic Service Delivery Measurement)

The cost of the free basic electricity of the registered indigent households is financed through the local government equitable share received in terms of the annual Division of Revenue Act. There were no adjustments done on the budget for Free Basic Electricity for 2017/18.

For 2017/18 an amount of **R 144.9 million** was originally appropriated for the capital expenditure to be funded by MIG grant and equitable share. For 2018/19 and 2019/20 the budget has been appropriated at **R 139 million** and **R 133 million** respectively. The capital budget for 2017/18 has is increased by **R 4.4 million** for projects which are likely to be completed in the next financial year and also where the latest costs estimations have proven to be quite less than the original budgeted amounts.

Infrastructure and development vote is appropriated the highest allocation of **R 133.5 million** for 2017/18 which equates to 89% of the total capital budget, followed by corporate services at **R 5.5 million** which makes about 4% of the total capital budget. The remaining 7% is allocated to budget & treasury at **R 5 million** which makes about 3% and community services at **R 5.3 million** which makes about 4% of the total capital budget of **R 143.5 million** for 2017/18.

No budget was allocated for the renewal of municipal assets during the 2017/18 financial year.

## PART 2 – SUPPORTING DOCUMENTS

### 3.1. *Adjustments to budget assumptions.*

#### 2.1.1 External factors

- The municipality's operational revenue and cash inflows has been adjusted down to ensure credibility of the budget and to avoid cash flow problems and the total expenditure budget together with the total cash outflow has been adjusted accordingly to be within the municipality's available cash due to the following factors:
  - ✚ Debtor's accounts are not paid on time, and affect the cash inflow of the municipality negatively.
    - Government departments owe the municipality for Property Rates to the amount of **R 287 million**. Though the municipality is in the process of collecting the outstanding debts through the use of debt collector and the Department of Public Works' intervention, the total provision for doubtful debts had to be increased as there is no certainty that the outstanding amounts will be received with the 2017/18 financial year.

#### 2.1.2 General inflation outlook and its impact on the municipal activities

- There are five key factors that have been taken into consideration in the compilation of the 2017/18 MTREF:
  - National Government macro-economic targets;
  - The general inflationary outlook and the impact on municipality's residents and businesses
  - The impact of municipal cost drivers;
  - The increase in prices for electricity and water; and
  - The increase in the cost of remuneration.
- No adjustment has been done to the assumptions as per the original budget.

#### 2.1.3 Interest rates for borrowing and investment of funds

The MFMA specifies that borrowing can only be utilised to fund capital or refinancing of borrowing in certain conditions. The municipality is not planning to use borrowing to fund its capital projects due to collection problems and therefore no interests are to be paid.

### 2.2 *Adjustments to budget funding*

#### 2.2.1 Medium-term outlook: operating revenue

The following table is a breakdown of the adjusted operating revenue over the medium-term:

**Table 15 Breakdown of the adjusted operating revenue over the medium-term**

The following graph is a breakdown of the operational revenue per main category for the 2017/18 financial year as adjusted.

Tariff setting plays a major role in ensuring desired levels of revenue. Getting tariffs right assists in the compilation of a credible and funded budget. The municipality derives most of its operational revenue from the transfers recognised – operational (government grants), Property rates, capital grants from organs of state and other minor charges (such as licenses and permits etc).

The revenue strategy is a function of key components such as:

- Growth in the municipality and economic development;
- Revenue management and enhancement;
- National Treasury guidelines;
- The Property Rates Policy in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA), and
- And the ability to extend new services and obtain cost recovery levels.

The above principles guide the annual increase/decrease in the tariffs charged to the consumers and the ratepayers aligned to the economic forecasts.

The approved tariff rates for the 2017/18 MTREF for Property rates remain unadjusted and can be shown as follows:

**Table 16 Approved tariff reduction over the medium-term**

Revenue Category	Approved tariff 2015/16	Proposed tariff 2016/17	Proposed tariff 2017/18	Proposed tariff 2018/19
Property rates	2 cents	2 cents	2 cents	2 cents

Revenue to be generated from property rates was originally budgeted at **R 38.8 million** for the 2017/18 financial year and decreases to **R 37.7 million** which represents 12% of the operating revenue base of the municipality. It estimated to be around **R 39.5 million** on average over the medium term.

Operational grants and subsidies amount to **R 236 million**, **R 243 million** and **R 247 million** for 2017/18, 2018/19 and 2019/20 respectively. No adjustment has been done to operational grants and subsidies received from national government.

Investment revenue contributes marginally to the revenue base of the municipality with a budget allocation of **R 9 million**, **R 13 million** and **R 15 million** for the respective three financial years of the 2017/18 MTREF. It needs to be noted that these allocations have been conservatively estimated and as part of the cash backing of reserves and provisions. The actual performance against budget was carefully monitored and adjustment was found necessary on the investment revenue for 2017/18 adjustment budget and investment revenue for the two outer years remain unadjusted. Investment revenue is reduced by **R 3 million** to **R 9 million** for 2017/18 budget year as the municipality had received lower interests than the budgeted interest amounts.

For the medium-term, the funding strategy has been informed directly by ensuring financial sustainability and continuity. The MTREF after adjustments therefore provides for a budgeted operating deficit of **R 4 million** and surpluses of **R 64 million** and **R 55 million** in each of the MTREF financial years. This surplus is intended to partly fund capital expenditure as well as ensure adequate cash backing of reserves and funds for the two outer years.

**2.2.2 Medium-term outlook: capital revenue**

The following table is a breakdown of the funding composition of the 2017/18 medium-term capital programme:

**Table 17 Sources of capital revenue over the MTREF**

The total adjusted capital budget of **R 149 million** is funded by government grants in a form of MIG **R 69 million**, INEG **R 13 million** and Equitable share **R 67 million** for 2017/18 financial year.

No adjustments were made to the equitable share for 2017/18.

The MIG allocation was increased by **R 6 million** of the approved roll over from the previous year.

**NB: Details of the capital projects and adjustments are in table SB 19 (List of capital programmes and projects affected by adjustments)**

### 2.2.3 Cash Flow Management

Cash flow management and forecasting is a critical step in determining if the budget is funded over the medium-term. The table below is consistent with international standards of good financial management practice and also improves understand ability for councillors and management of the municipality. Some specific features include:

- Clear separation of receipts and payments within each cash flow category;
- Clear separation of capital and operating receipts from government, which also enables cash from 'Ratepayers and other' to be provide for as cash inflow based on actual performance. In other words the *actual collection rate* of billed revenue and other own sources of revenue

The above table shows a net decrease in cash held for 2017/18 MTREF and is boosted by the positive opening balance of the municipality’s bank account, the municipality’s cash flow position improves over the next two outer years with increasing net increases in the cash flow.

Cash inflow from interests on investment is adjusted downwards by **R 3 million** due to the reduction in the amount of money to be invested in the last six months of the financial year.

Cash outflow from Suppliers and employees is increased by **R 57 million** as a result of an increase in the repairs and maintenance expenses for infrastructure assets, publications, and other operational expenses for 2017/18.

Cash outflow from the acquisition of capital assets is increased by **R 4 million** for 2017/18 financial year.

#### **2.2.4 Cash Backed Reserves/Accumulated Surplus Reconciliation.**

This following table meets the requirements of MFMA Circular 42 which deals with the funding of a municipal budget in accordance with sections 18 and 19 of the MFMA. The table seeks to answer three key questions regarding the use and availability of cash:

- What are the predicted cash and investments that are available at the end of the budget year?
- How are those funds used?
- What is the net funds available or funding shortfall?

A surplus would indicate the cash-backed accumulated surplus that was/is available. A shortfall (applications > cash and investments) is indicative of non-compliance with section 18 of the MFMA requirement that the municipality's budget must be 'funded'. Non-compliance with section 18 is assumed because a shortfall would indirectly indicate that the annual budget is not appropriately funded (budgeted spending is greater than funds available or to be collected). It is also important to analyse trends to understand the consequences, e.g. the budget year might indicate a small surplus situation, which in itself is an appropriate outcome, but if in prior years there were much larger surpluses then this negative trend may be a concern that requires closer examination.

**Table 19 MBRR Table A8 - Cash backed reserves/accumulated surplus reconciliation**

From the above table it can be seen that the cash and investments available was adjusted downwards from **R 96 million** to **R 67 million** for 2017/18 financial year.

The main purpose of other working capital is to ensure that sufficient funds are available to meet obligations as they fall due. A key challenge is often the mismatch between the timing of receipts of funds from debtors and payments due to employees and creditors. High levels of debtor non-payment and receipt delays will have a greater requirement for working capital. Any underperformance in relation to collections could place upward pressure on the ability of the municipality to meet its creditor obligations.

It can be concluded that the municipality has a surplus against the cash backed and accumulated surpluses reconciliation.

### Funding compliance measurement

National Treasury requires that the municipality assess its financial sustainability against fourteen different measures that look at various aspects of the financial health of the municipality. These measures are contained in the following table. All the information comes directly from the adjusted budget statement of financial performance, financial position and cash flows. The funding compliance measurement table essentially measures the degree to which the proposed budget complies with the funding requirements of the MFMA.
