EXECUTIVE PERFORMANCE SUMMARY

- a) Chapter 6 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000), requires local government to:
- i. Develop a performance management system;
 - ii. Set targets, monitor and review performance based on indicators linked to the IDP;
 - iii. Publish annual report on performance management for the Councillors, staff, the public and other spheres of government;
 - iv. Incorporate and report on a set of general indicators prescribed nationally by the minister responsible for local government;
 - v. Conduct an internal audit on performance before the reports are tabled;
 - vi. Have the annual performance report audited by the Auditor General; and
 - vii. Involve the community in setting indicators and targets and reviewing municipal performance.
- b) A municipal performance management system is the primary mechanism to monitor, review and improve the implementation of its IDP and gauge the progress made in achieving the objectives set out in the IDP. Performance management monitors actual performance against set targets and contractual obligations. Effective service delivery relies upon the IDP, efficient utilisation of all resources and the integration of a performance management system across all functions at an organisational level.
- c) Efficient performance reporting result from effective IDP planning. The 2022/2023 2nd quarter performance report has been prepared in line with the Performance Management Framework, approved SDBIP, approved Budget and the IDP for 2022/2023 as well as the applicable legislative requirements of the Municipal Finance Management Act (MFMA).
- d) The 2022/2023 2nd quarter performance report therefore reports performance against the quarterly revenue and expenditure projections, service delivery targets and indicators.

The municipality had **96** targets for the 2nd quarter and managed to achieve **87** targets which is **90%** percent of the total quarterly targets.

The following table shows the summary of the quarterly targets.
