### TERMS OF REFERENCE/ SPECIFICATIONS

#### 1.1 SCOPE OF WORK

These Service Providers are expected to create and successfully execute Activations, Conferencing & Events Management for the Rustenburg Local Municipality and Bus Rapid Transport (Yarona Rustenburg) while leveraging and building a positive coverage, engagement and involvement around and the city's implementation of the RRT project amongst all stakeholder groups and to build a positive reputation for the Yarona Rustenburg Bus brand and services. The Rustenburg Local Municipality will also tap into the scope and request service by the service provider.

Within the scope, these service providers shall handle all the 5 C's in event management for all elements in planning to ensure that all issues and crisis management around the RLM & RRT project are dealt with as and when needed.

**The 5 C's will be as follows:**

##### 1.1.1 Concept

The first step for planning a successful event is the event concept. From briefing, the Service provider will understand brand positioning for Yarona Rustenburg and Rustenburg Local Municipality. The service provider will also have to understand the main purpose of the RRT Systems. All under concept, the service provider must confidently be able to present a detailed plan, designs, floor plans, security measures, and be able to create a story board for the Marketing & Communications Team.

##### 1.1.2 Coordination

This will include coming up with a theme or general idea for all events, as agreed upon with the Marketing & Communications Team within the Rustenburg Local Municipality. Once the theme has been agreed upon, the service provider will have to present a suitable venue, present decorations and any additional needs for the event – including hiring of MC's, using audio/visual equipment, etc. Other tasks will include providing services of the required technology and equipment.

##### 1.1.3 Control

This is one of the most overlooked and often neglected stages of event management and RRT looks to appoint a knowledgeable service provider to tackle the element successfully. This is best managed if the service provider goes through a run-through of the event.

##### 1.1.4 Culmination

This is the 'D-Day' so to speak. This is when the event takes place. On this day, the service provider and their teams need to be on top of everything. The service provider will have to develop an itinerary for everyone involved with the event. This element involves a lot of customer relations, public relations, marketing and communications so the service provider must ensure that the event goes well from registration of guests to the last "goodbye" from the invited guests.

## RUSTENBURG LOCAL MUNICIPALITY

---

### 1.1.5 Closeout

Once every event successfully ends, the service provider will have to make sure that all elements are closed and the event report is prepared after a de-brief sitting with the Marketing & Communications Teams responsible for the event taking place.

#### **Description:**

A **Conference**, in the sense of a meeting, is a gathering of individuals who convene at a predetermined location and time to discuss or pursue a common interest. The most prevalent conventions are industry, profession, and academic.

**Event Management** refers to the procedure of planning and executing an event. This process extends from the earliest stages of event planning to post-event strategy. An event management supplier will make initial planning decisions, such as the event's time, location, and theme.

As part of the marketing process, **Brand Activations** is the execution of the marketing formula. The activation phase typically follows the planning phase, during which agencies plan their marketing activities, and is followed by the feedback phase, in which marketing analytics are used to evaluate the results.

#### **Conferences:**

##### **What purpose does a conference serve?**

From the preceding explanations, it is not difficult to conclude that the purpose of a conference is to share information with a large audience while educating them. When all of the delegates are in the same location, it is much simpler to communicate regardless of the topic. And not only from a practical perspective. A conference organised with creativity and originality in mind can be extremely effective in achieving its goals. Moreover, they provide a wonderful opportunity to recognise and reward a workforce, as well as the chance for like-minded individuals to network and exchange ideas. The Service Providers will be expected to organise conferences as gathering of individuals for the purpose of discussing or exchanging information regarding Yarona Rustenburg, Rustenburg Local Municipality and Rustenburg Rapid Transport. Depending on the strategies within the Unit: Marketing & Communications, and scope of the proposed events, these conferences will be conducted for a single day or over multiple days. These are typical categories of conferences:

##### **Academic Conferences**

##### **Corporate Conferences**

##### **Commercial Conferences**

Depending on their purpose and strategies, these conferences will vary in structure and scale. For instance, at business conferences, the schedule of events will include speeches from influential individuals within RLM/Yarona/RRT (such as Municipal Manager, Executive Mayors and Directors), motivational presenters, and business updates from departments within the organisation. There will also be breakout sessions where smaller groups will gather to participate in team-building activities or seminars.

Conference sizes for this purpose will differ, but they will be medium to larger than workshops and seminars. Occasionally, certain conferences will attract thousands of attendees from all over the city.

## RUSTENBURG LOCAL MUNICIPALITY

### **Corporate Conferences**

Especially within the same organisation, business conferences are a fantastic method to bring together individuals who would otherwise operate separately. For businesses with offices or stores across the country, a conference allows you to bring everyone together and communicate business updates, new products, future plans, and structural modifications. In addition to boosting morale, fostering teamwork, incentivizing, and recognising and rewarding individuals for their accomplishments, conferences can also be used to boost morale.

### **Academic Conferences**

At the Yarona Rustenburg's Career Expo, researchers will present their work and findings to their stakeholders in a particular field. These types of events are necessary for professionals to interact, discuss issues, and exchange information. In order to facilitate a more focussed exchange of information, these conferences typically centre on a central theme or academic discipline.

### **Brand Activations**

A dull and improper approach cannot attract more people to your brand. If you strive to make a buzz around any company, a brand activation strategy is a great solution.

*Define your audience.* Taking a wild guess and trying to meet the needs and wants of your audience without analyzing and segmenting it is not a good idea. According to the survey, 72% of customers prefer to engage with marketing messages tailored to their interests. That is why RLM & Yarona Rustenburg needs to know the demographics, interests, and traits of their ideal commuters. Yarona Rustenburg, with RLM should find clients who will appreciate the service, products. For this purpose, Yarona Rustenburg & RLM must consider creating commuter personas and residents database respectively.

*Make a SWOT analysis.* Before planning various events, campaigns, and installations, the Supplier should be aware of RLM'S & Yarona Rustenburg's brand's strengths, weaknesses, opportunities, and threats. They should not forget that some brand activation campaigns can require a lot more resources, while some of them can be simple and affordable.

*Explore the tactics to reach your audience.* Keep in mind that there are many ways to appeal to your prospects, including product demonstration installation, mobile vans, games, and many other activities. These suppliers will be expected to choose a suitable method to communicate the RLM's & Yarona Rustenburg's message to your target audience clearly.

### **Corporate Events:**

Businesses use conventions to interact with their many audiences, including consumers, investors, and workers. Depending on the goal, corporate events may be a great way to foster teamwork, teach attendees new skills, and boost the company's bottom line. The company's long-term aims can be aided by holding events at a first-rate event venue.

The participants of a business event are often company employees or customers. One common goal of corporate gatherings is to disseminate information about the company's core values and mission to employees and the general public.

## RUSTENBURG LOCAL MUNICIPALITY

---

### **Group team building events**

To boost morale and cooperation among workers, businesses often arrange team-building exercises. They provide a setting in which workers may relax and open up about themselves outside of the workplace. Outdoor, often natural, and professionally organised, team-building activities are the norm.

Companies conduct these gatherings to honour their staff, vendors, and consumers, while industries throw parties to honour their top performance during a given time frame. Awards ceremonies inside an organisation boost morale and make working there more pleasurable for everyone involved. However, corporations may promote their brand and position themselves as market leaders by participating in industry-wide award ceremonies.

### **Awards shows**

Awards ceremonies inside an organisation boost morale and make working there more pleasurable for everyone involved. However, corporate companies may promote their brand and position themselves as market leaders by participating in industry-wide award ceremonies.

### **Workshops**

Workshops are a popular method of imparting knowledge and training to a select group, such as an organization's staff. Since workshops aim to teach participants something new, they tend to be quite hands-on. Attendees should be engaged during each session and leave with the ability to use the information they gained in other contexts.

Since workshops are interactive corporate events, it is important for planners to secure a spacious location that can accommodate the expected attendance and provide the necessary technological amenities.

**MBD 9: CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Municipal Bidding Document (MBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
  - a. take all reasonable steps to prevent such abuse;
  - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
