SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN

Legislative basis

The development of the Service Delivery and Budget Implementation Plan (SDBIP) is a requirement under Municipal Finance Management Act (MFMA), and gives effect to the Municipality's Integrated Development Plan (IDP) and annual budget. These are integral to the implementation and entrenchment of the performance management framework. The SDBIP facilitates accountability and transparency of the municipal administration and management to the Council. It also fosters the management, implementation and monitoring of the budget, the performance of management, and the achievement of strategic objectives laid out in the IDP.

The SDBIP enables, on the one hand, the Mayor to monitor the performance of the Municipal Manager, and for the Municipal Manager to monitor the performance of Senior Managers. On the other hand, the SDBIP enables the community to monitor the performance of the municipality as each activity contains outputs, outcomes and timeframes. The SDBIP is compiled on an annual basis and it includes a 3-year capital budget programme.

The SDBIP is a tool to ensure a democratic and accountable local government as enshrined in Section 152 (a) of the Constitution. To give effect to this principle, the MFMA and its regulations and circulars issued from time to time by National Treasury, regulates and guide the processes for the submission, approval, implementation and revision of the SDBIP, fundamentally through the following sections:

- Section 53 (1) (c) (ii) and (iii)
- Section 53 (3) (a) and (b)
- Section 54
- Section 69 (3) (a)
- Section 71 (1) (g) (ii); and
- Section 72

Conceptualization

Section 53 of the MFMA conceptualizes the SDBIP as a detailed plan and budget approved

by the mayor of the municipality to implement the municipality's annual service delivery programme, and it includes the following:

- (a) Monthly projections of revenue to be collected, by source
- (b) Monthly projections of operational and capital expenditure, vote
- (c) Service delivery targets, and performance indicators, for each quarter
- (d) Other matters, such as:
 - Past financial year baseline information
 - Evidence, or means of verifying performance information

Monitoring, Reporting, and Revision

In-year monitoring (IYM) reports

- (i) ***Monthly reports*** shall be submitted by the Senior Managers to the Municipal Manager, and eventually to the Mayor by the Municipal Manager in line with the MFMA guidelines.
- (ii) ***Quarterly reports*** shall be submitted by the Mayor and Executive Committee to Council, also in line with the MFMA, indicating implementation progress made against service delivery targets contained in the SDBIP.
- (iii) ***Mid-year report*** shall be submitted by the Municipal Manager to the Mayor, also in line with the MFMA, and indicating implementation progress made against service delivery targets contained in the SDBIP.

Annual Report

The Annual Report shall be submitted by the Municipal Manager to the Mayor, also in line with the MFMA, and indicating the assessment of completed implementation and performance made against stated performance and service delivery targets contained in the approved SDBIP of the municipality.

Revision of the approved SDBIP

The municipality shall make, where justified and necessary and in line with section 54 of the MFMA, revisions to the service delivery targets and performance indicators in the SDBIP, with the approval of the Council following approval of the adjustment budget
