1. MAYOR'S FOREWORD

The coal fields which boast more than 40% of the total coal reserve of South Africa are located in Lephalale. It was cited in the IDP that Waterberg Coal Field is estimated to contain a resource base of 50 billion tons; of which 12.5 billion tons can be mined by opencast method (coal is sufficiently close to surface that it does not require the sinking of a shaft).

The complexities of the mines have positioned the Lephalale Local Municipality to be on the verge of huge economic development related to mining and energy generation. This has been exacerbated by the construction of the 40 000 MW power station known as Medupi next to Matimba power stations, hence the third power station is under consideration by Eskom.

Eskom needs to increase electricity generation from 40,000 MW in 2008 to 80,000 MW in 2026 and that at least half of this will be from coal fired power stations. This implies that 20,000 MW is needed from coal. It is expected that the Kusile Power Station in Mpumalanga, for which construction commenced in 2008, is the last coal fired power station to be built outside the Waterberg Coal Field in this time horizon. Kusile will generate 4,800 MW, which is similar to the output expected from Medupi Power Station. These power stations are constructed to serve not only Limpopo with electricity but South Africa as a whole. It also envisaged these huge reserves of coal could also serve many countries in Africa, more especially within the SADC region in electricity generation and other possible by products of coal.

The implication of the above is that at least another 10,400 MW of generation capacity is required from coal before 2026 and the Waterberg Coal Field is the most likely source of coal for this purpose. It is therefore reasonable to assume that the municipality could host another three coal fired power stations after Medupi. The existing Matimba Power Station and Medupi, which is currently under construction, and the other three power stations that can reasonably be expected, will collectively consume 80 million tons of coal per year. With an opencast mining resource of 12.5 billion tons, these power stations can be sustained for 156 years.

The new coal mines, the power stations could lead to a six-fold increase in households in and around Lephalale town, from 5,000 in 2007 to 32,000 in 2020. This will create a significant demand for building material and will also have secondary implications for retail, service and small industry development. Lephalale Local Municipality therefore has a competitive advantage in game-related tourism. A strong footprint of game lodges has already been established. Finally, the municipality has a competitive advantage in beef production. The latest available livestock census figures from the Department of Agriculture indicate that 36,000 cattle are owned by commercial farmers and 16,000 head of cattle by communal farmers.

It is against this background that Lephalale Local Municipality has crafted its vision to become one of the vibrant cities within the Limpopo Province. Hence, we define a city as a relatively large and permanent settlement with complex systems for sanitation, land usage, housing, and transportation.

The concentration of development greatly facilitates interaction between people and businesses, benefiting both parties in the process and improving the quality of lives of the people of Lephalale and the whole Waterberg Region.

With the abovementioned future developments in mind, Lephalale Local Municipality has prioritized its Service Delivery and Budget Implementation for 2021-22 in terms of the IDP strategic intent and the vision of building a city by 2030. The focus of Lephalale Local Municipality is on shaping the future of a vibrant city and the energy hub of Africa. In doing so, the municipality is intent on aligning its objectives and strategies to that of the National Development Plan – Vision 2030 (NDP) as well as other relevant National and Provincial strategies. The NDP priorities, that closely link to Lephalale, focus on: an economy that will create more jobs, improving infrastructure, transition to a low-carbon economy, an inclusive and integrated rural economy, reversing the spatial effects of apartheid, improving the quality of education, training and innovation, quality health care for all, social protection, building safer communities, reforming the public service, fighting corruption and transforming society and uniting the country.

The purpose of the SDBIP is to monitor the execution of the budget and achievement of the strategic objectives set by Council. It enables the Municipal Manager to monitor the performance of senior managers, the Mayor to monitor the performance of the Municipal Manager, and for the community to monitor the performance of the municipality in terms of the IDP and the Budget.

Lephalale municipality will use this implementation tool to the IDP to move towards its vision of a vibrant city and the energy hub, as well as the mission for affordable basic services to communities, rural development and socio- economic transformation to the previously disadvantaged communities.

APPROVED BY

MOŁOKO JACK MAEKO
The Mayor of Lephalale Municipality

Date: 22 June2021

INTRODUCTION

The development, implementation and monitoring of a Service Delivery and Budget Implementation Plan (SDBIP) is required by the Municipal Finance Management Act (MFMA). In terms of Circular 13 of National Treasury, “the SDBIP gives effect to the Integrated Development Plan (IDP) and budget of the municipality and will be possible if the IDP and budget are fully aligned with each other, as required by the MFMA.”

As the budget gives effect to the strategic priorities of the municipality it is important to supplement the budget and the IDP with a management and implementation plan. The SDBIP serves as the commitment by the Municipality, which includes the administration, council and community, whereby the intended objectives and projected achievements are expressed to ensure that desired outcomes over the long term are achieved and these are implemented by the administration over the next twelve months.

The SDBIP provides the basis for measuring performance in service delivery against quarterly targets and implementing the budget based on monthly projections. Circular 13 further suggests that “the SDBIP provides the vital link between the mayor, council (executive) and the administration, and facilitates the process for holding management accountable for its performance. The SDBIP is a management, implementation and monitoring tool that will assist the mayor, councilors, municipal manager, senior managers and community.”

2. LEGISLATION

The Municipal Finance Management Act (MFMA) defines a Service Delivery and Budget Implementation Plan (SDBIP) as: a detailed plan approved by the mayor of a municipality in terms of section 53 (1) (c) (ii) for implementing the municipality's delivery of municipal services and its annual budget, and which must indicate-

- (a) Projections for each month of-
 - (i) Revenue to be collected, by source; and
 - (ii) Operational and capital expenditure, by vote;
- (b) Service delivery targets and performance indicators for each quarter

Section 53 of the MFMA stipulates that the Mayor should approve the SDBIP within 28 days after the approval of the budget. The Mayor must also ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators as set out in the SDBIP are made public within 14 days after their approval.

The following National Treasury prescriptions, in terms of MFMA Circular 13, are applicable to the Lephalale Local Municipality:

1. Monthly projections of revenue to be collected by source
2. Monthly projections of expenditure (operating and capital) and revenue for each vote¹ *
3. Quarterly projections of service delivery targets and performance indicators for each vote
4. Ward information for expenditure and service delivery
5. Detailed capital works plan broken down by ward over three years

3. METHODOLOGY AND CONTENT

The development of the SDBIP was influenced by the Priorities, Strategic Objectives, Programme Objectives and Strategies contained in the IDP ensuring progress towards the achievement thereof. The SDBIP of the Lephalale Local Municipality is aligned to the Key Performance Areas (KPA's) as prescribed by the Performance Management Guide for Municipalities of 2001, with the addition of Spatial Rationale as another KPA to be focused upon.

The methodology followed by the municipality in the development of the SDBIP is in line with the Logic Model methodology proposed by National Treasury as contained in the Framework for Managing Programme Performance Information ²(FMPPI) that was published in May 2007. The accompanying figure as an extract from the FMPPI is hereby indicated.

The Logic Model was followed whereby desired impacts were identified for each strategic objective with measurements and targets contributing to the achievement of those impacts. This was followed by the identification of programmes and associated outcomes and measurements and targets contributing to the achievement of those outcomes. Then SMART programme objectives and short, medium and long terms strategies were developed to achieve the outcomes and associated output indicators and targets.

Thereafter projects were identified with quarterly activities and required budget as well as required human resources, furniture and equipment (inputs). This process was used to prioritize projects, capital items to be acquired and the personnel budget.

The strategies of the municipality, which are linked to programmes, measurement and targets as well as projects focus on and are aligned to the National and Provincial priorities.

¹ Section 1 of the MFMA defines a "vote" as:

a) one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality; and
b) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned

² The Framework for Managing Programme Performance Information is available at: www.treasury.gov.za

The key performance indicators and targets as well as the projects that are contained in this SDBIP are to measure, monitor and report on the implementation of the outcomes and strategies identified in the strategic phase of the IDP. Indicators are assigned quarterly targets and responsibilities to monitor performance.

Some of the indicators in this SDBIP are portraying targets that are accumulative in nature so as to serve as early warning system for poor performance and will identified with an asterisk *

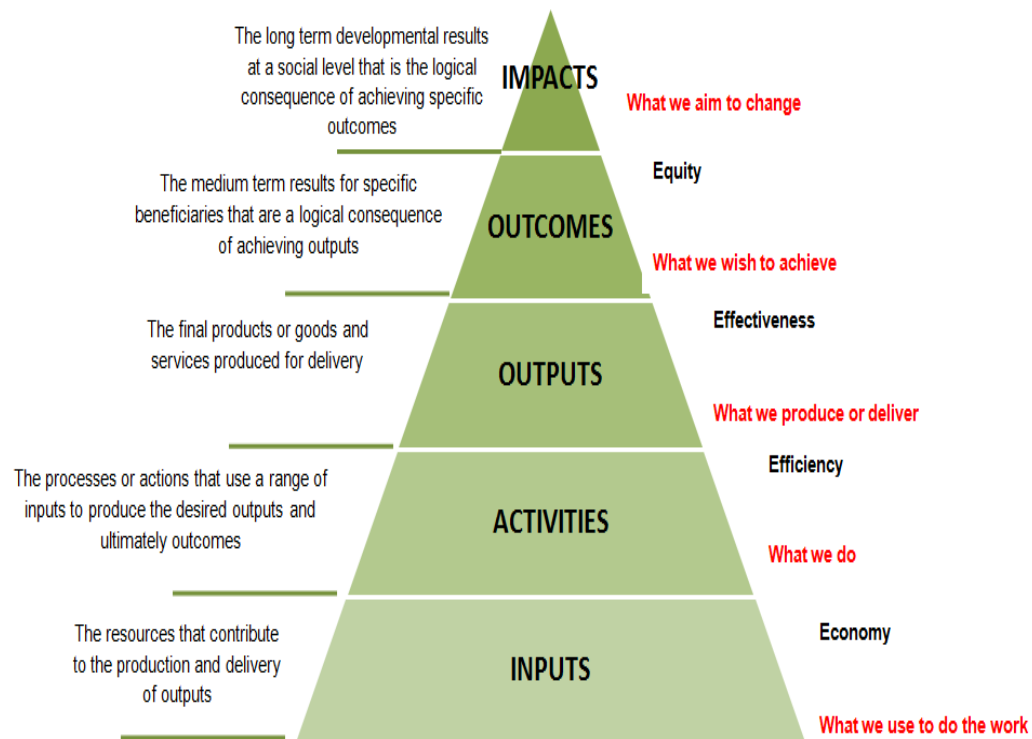

The SDBIP is described as a layered plan. The top layer deals with consolidated service delivery targets and time frames as indicated on this plan. The second layer of the SDBIP, that need not be made public, will deal with the breakdown of more details of outputs per directorate and will be contained in the directorates' SDBIPs.

Lephalale Local Municipality adopted the Logic Model to establish outputs and map the processes to get to the desired outcomes. This methodology is used to create a performance measurement system that will ensure effective and efficient performance management.

The Logic Model operates on the principle that goals and strategic objectives are to be translated into impacts, outcomes, outputs, activities and inputs. This model is applied to create a logical flow of key components required to give effect to the achievement of strategic objectives. The following figure presents the components of the Logic Model:

Figure: Logic Model

The performance management system is implemented through the following cycle:

- Planning and Review
- Monitoring
- Reporting
- Evaluation and Oversight

a) Planning and Review

The Municipal Systems Act No 32 of 2000 (Section 34) stipulates that a Municipality must review its IDP annually in accordance with an assessment of its Performance Management System and to make any necessary changes through a prescribed process. Planning and review is therefore the first step

in the implementation of the Performance Management System. Planning and review consists of two actions that take place at different times of the municipal financial year. The first is ***the review of the IDP at the beginning of the municipal financial year***, which informs the planning for the forthcoming year. The ***second is the annual review*** of performance to assess the achievements to the objectives set out in the preceding IDP.

b) Monitoring

Monitoring is to be aware of the state of a system. Monitoring refers to the process of data management that includes collection, gathering, storing and management of information. Monitoring is the key to any successful Performance Management System because it provides information to compare achievements with initial targets. Based on the outcome of the comparison, corrective actions can be taken and guidance can be provided to ensure that the desired outcomes are achieved.

The process of monitoring entails a few key phases:

- Determining the data that must be collected to assess performance, how that data is to be collected, stored, verified, and analysed and how reports on that data are to be compiled.
- Analysing the data provided by the monitoring system to assess performance.
- Assessment to track and improve performance.

c) Reporting

The reporting process provides information to decision makers on the progress of strategic goals, programmes, and projects. Reporting collates information into intelligence and represents consolidation from the previous steps into reports. Reports inform decision makers of the challenges faced and the interventions envisaged that will enhance the performance of under-performing programmes/projects.

Reporting requires that we take the priorities of the organisation, its performance objectives, indicators, targets, measurements, and analysis, and present this information in a simple and accessible format, relevant and useful to the specified target group.

Reporting within performance management in local government is a tool to ensure accountability of the:

- Municipality to Citizens and Communities
- Executive Committee to Council
- Administration to the Executive Committee or Mayor
- Line/Functional/Divisional Management to Executive Management and Portfolio Committees
- Employees to the organisation

The reporting process should follow the lines of accountability mentioned above.

Reporting formats:

The functions of the different reports can be summarised as follows:

Report type	Description
Quarterly IDP and SDBIP reporting	This report needs to contain the service delivery projections for each quarter. It needs to include the operational and capital expenditure, by vote. These targets need to be reported on quarterly according to National Treasury Circular 13.
Mid-year budget and CoGHSTA report	This report reflects the performance of the Municipality during the first half of the financial year. The report must be submitted to the Mayor, National Treasury and CoGHSTA. It serves to identify possible adjustments that need to be made to ensure targets are met at the end of the financial year.
Annual report	Section 121 of the MFMA identifies that each municipality must produce an annual report for each financial year. This report must include: the financial statements of the municipality approved by the Auditor-General; an audit report from the Auditor-General; an assessment by the accounting officer; evidence of corrective action taken in response to the audit report from the Auditor-General; information pertaining the municipality's audit committee; assessment of the accounting officer to measure performance objectives; the annual performance report of the municipality; and any other information as prescribed in the document.
Oversight report	The municipal Council needs to consider the municipal annual report whereupon an oversight report should be compiled. The Oversight report needs to include a statement explaining that the annual report has been approved with or without reservations; has rejected the annual report or has referred the annual report back for revision.

d) Evaluation

Evaluation of a Municipality's performance, inclusive of organisational, financial and employee performance is essential to ensure that corrective measures are identified and put in place to improve areas of non-performance. For the evaluation process to be effective, a holistic approach needs to be adopted, it should be conducted regularly and continuously through an in-depth analysis process.

Summative evaluation happens at the end of a financial year with the submission of the Annual report. Annual reports are the key reporting instruments for directorates to be held accountable against the performance targets and budgets outlined in their strategic plans. Annual reports are therefore required to contain information on service delivery, financial statements, and the audit report.

Evaluation within the organisation occurs at three levels to ensure impartial, transparent, and accurate validation of performance achievements:

- Administrative Evaluation through the annual report, impact of programmes and projects, internal audit committee and performance audit committee
- Political Oversight through portfolio committees, municipal public accounts committee and council
- Auditor General Evaluation through the auditor general report Implementation

4. VISION, MISSION AND VALUES

The strategic vision of the organization sets the long-term goal the Municipality wants to achieve. Lephalale Local Municipality's vision is one that "wishes" for a future that deals with the many challenges and needs of the community in building the first city since 1994. The **Vision** of Lephalale Local Municipality is:

"A vibrant city and be the energy hub"

The Mission is:

“We are committed to Integrated Development, provision of quality, sustainable and affordable services, financial viability and good governance, local economic development and job creation

The **Values** of Lephalale Local Municipality underpin quality and they are:

Value	Description
Community orientation	Provide and deliver sustainable services for the whole community.
Transparency	Invite and encourage public sharing and democratic participation in council’s activities.
Commitment	Focus and concentrate on council’s core activities in a consistent manner.
Integrity	Conduct council’s business in a fair, responsible, flexible, equitable and honest manner.
Accountability	Report regularly to all stakeholders regarding council’s actual performance.
Environmental Care	With all the development in Lephalale, the municipality will focus on taking care of the environment.
Empowerment	To be seen to be empowering our people, knowledge is power.
Performance orientation	Continually evaluates and measure performance against set target

5. STRATEGIC ALIGNMENT

The strategy developed for Lephalale Local Municipality adhere to, incorporate and support various strategies and intentions of government both at National and Provincial levels. Based on these strategic plans and priorities or objectives, Lephalale Local Municipality has developed the following tabular matrix to plot how the strategic objectives will align to the different objectives and priorities developed from various spheres of government, as follows:

BACK TO BASICS PRIORITIES	NATIONAL DEVELOPMENT PLAN	LEPHALALE STRATEGIC OBJECTIVES	LEPHALALE IMPACTS
Delivering municipal services	Improving infrastructure	Provide quality and well-maintained infrastructural services in all municipal areas	Satisfied community members “effective and long-lasting service delivery”
	An economy that will create more jobs	Create a conducive environment for businesses to invest and prosper	Sustainable economy
	An inclusive and integrated rural economy		
	Reversing the spatial effect of apartheid	Rational planning to bridge first and second economies and provide adequate land for development	Sustainable development
	Transition to a low-carbon economy	Protect the environment and improve community well-being	Safe, healthy and clean living conditions
	Quality health care for all		
Putting people and their concerns first	Social protection	Capacitate disadvantaged groups	Quality life for disadvantaged groups
	Transforming society and uniting the country		
	Building safer communities		
	Improving quality of education, training and innovation		
Sound financial management and accounting	Fighting corruption	Enhance revenue and financial management	Financial Viability and Prosperous institution

BACK TO BASICS PRIORITIES	NATIONAL DEVELOPMENT PLAN	LEPHALALE STRATEGIC OBJECTIVES	LEPHALALE IMPACTS
Demonstrating good governance and administration		Responsible, accountable, effective and efficient corporate governance	Public confidence
Sound institutional and administrative capabilities	Reforming the public service	Improve functionality, performance and professionalism	Best governance ethos

The Strategic Objective as aligned to the Agenda 2063, SDGs, NDP, LDP and IDP priorities follow in the matrix below:

Convergence of Agenda 2063, SGD's, NDP, LDP and IDP

Agenda 2063 (2023 goals)	Sustainable Development Goals	National Development Plan	Limpopo Development Plan	Integrated Development Plan
Goal1: High standard of living, Quality of life and well-being for all	Goal1:End poverty in all its forms everywhere in the world Goal3: Ensure healthy lives and promote well-being for all at all ages	Quality health care for all Building safer communities An inclusive and integrated rural economy Reversing the spatial effect of apartheid Social protection	Long and healthy life All people in Limpopo feel safe Comprehensive rural development Human settlement development Inclusive social protection	Protect the environment and improve community well-being Rational planning to bridge first and second economies and provide adequate land for development Capacitate disadvantaged groups
Agenda 2063(2023 goals)	Sustainable Development Goals	National Development Plan	Limpopo Development Plan	Integrated Development Plan
Goal2:Well-educated citizens and skills revolution underpinned by	Goal4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all	Improving education, training and innovation	Quality basic education Skilled and capable workforce	Responsible, accountable, effective and efficient corporate governance

science, technology and innovation				
Goal3: Healthy and well-nourished citizens	Goal2:End hunger, achieve food security and improved nutrition and promote sustainable agriculture Goal3: Ensure healthy lives and promote well-being for all at all ages	Promoting health	Long and healthy life All people on Limpopo feel safe Comprehensive rural development Inclusive social protection system	Protect the environment and improve community well-being Rational planning to bridge first and second economies and provide adequate land for development
Goal4: Transformed economies and job creation	Goal8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all	Economy and employment	Decent employment through inclusive growth Comprehensive rural development	Create a conducive environment for businesses to invest and prosper
Goal5:Modern Agriculture for increased productivity and production	Goal2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture Goal12: Ensure sustainable consumption economy and production patterns	Integrated and inclusive rural economy	Long and healthy life Comprehensive rural development Environmental protection Inclusive social protection system	Rational planning to bridge first and second economies and provide adequate land for development Protect the environment and improve community well-being
Transformed economies	Goal6:Ensure availability and sustainable management of water and sanitation for all Goal9:Build resilient infrastructure, promote inclusive and sustainable industrialization, and foster innovation	Improving infrastructure	Sustainable and inclusive economic growth STI driven manufacturing, industrialization and value addition Economic diversification and resilience	Maintenance and upgrading of infrastructure in all municipal areas
Agenda 2063 (2023 goals)	Sustainable Development Goals	National Development Plan	Limpopo Development Plan	Integrated Development Plan
Goal2:Well-educated citizens and skills revolution underpinned by	Reforming the Public Service.	Demonstrating good governance and administration	Fighting corruption	Improve functionality, performance and professionalism

science, technology and innovation

6. PROJECTED MONTHLY REVENUE AND EXPENDITURE

One of the most important and basic priorities for any municipality is to collect all its revenue as budgeted for – the failure to collect revenue will undermine the ability of the municipality to deliver on services. The municipality must ensure that it has instituted measures to achieve monthly revenue targets for each revenue source. The revenue projections relate to actual cash expected to be collected and should reconcile to the cash flow statement approved with the budget documentation. The reason for specifying actual revenue collected rather than accrued (billed) revenue is to ensure that expenditure does not exceed actual income.

It is necessary also to show monthly projections of expenditure. The expenditure projections relate to cash paid and should reconcile to the cash flow (reconciliation between revenue and expenditure per month). It is necessary to manage and monitor cash flow monthly to ensure that expenditure do not exceed income, which if not properly managed might lead to the municipality running into financial difficulties.

This part of the plan is based upon the Budget and Reporting Regulations Schedules A1 that serve as supporting documentation for the budget, in particular Tables SA25-SA30 and will deal with the following:

MONTHLY REVENUE PROJECTIONS	MONTHLY EXPENDITURE PROJECTIONS	CASH FLOW PROJECTIONS
a. Revenue by source; b. Revenue by vote; c. Revenue in terms of standard classifications.	a. Expenditure by type; b. Overall expenditure: i. By vote ii. In terms of standard classifications c. Capital expenditure: i. By vote ii. In terms of standard classifications	a. Cash receipts by source b. Cash payments by type

REVENUE:

- a. The Annual for revenue by source, is included below:

Choose name from list - Supporting Table SA25 Budgeted monthly revenue

The SDBIP information on revenue and expenditure will be monitored and reported monthly in terms of section 71 of the MFMA.

7. SERVICE DELIVERY AND PERFORMANCE INDICATORS

The high level non-financial measurable performance objectives in the form of service delivery targets and other performance indicators form part of this section of the SDBIP. These indicators and targets will be cascaded to departmental scorecards, which will be used for internal monitoring of the organisation and relevant individuals.

The information on the service delivery indicators will be used to measure performance for all directorates and the portfolio of evidence is required to prove the submitted performance, where POE is not provided there will be no scores allocated.

Additional to the mentioned documents to be supplied as evidence on projects where assets are acquired, are the following generic documents, Purchase orders, Invoices /Delivery note for the acquired asset.

9.1. OFFICE OF THE MUNICIPAL MANAGER – VOTE 1

The Objectives and Strategies for the Office of the Municipal Manager identified in the IDP per programme / focus area are highlighted below:

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	ShortTerm Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)

1. STRATEGIC OBJECTIVES.

The Strategy Map below depicts the Strategic Objectives on how the Lephalale Local Municipality will be able to build a vibrant city and be the energy hub in Africa. These objectives were positioned in terms of the Balanced Scorecard Perspectives being: Learning and Growth; Institutional Processes; Financial results and Community Satisfaction. All the outputs contained in the SDBIP are aligned to the attainment of one or more of these objectives:

STRATEGIC OBJECTIVES / GOALS	DESCRIPTION OF STRATEGIC OBJECTIVES/RATIONAL
Protect the environment and improve community well-being	<p>The municipality should come up with innovative ways on how it can increase community awareness and participation in environmental management (pollution, waste and emissions) activities and initiatives. The powers and function delegated to the Lephalale Local Municipality must play a significant role in the monitoring and analysing of air quality within the municipal area which is closely related to the monitoring and measuring of mining and vehicle emissions. It is commonly known that mining activities and the movement of trucks in the municipal area have increased enormously since the inception of the Matimba and Medupi Power stations. This advent therefore necessitates the need to identify and protect the environmental. The municipality needs to develop an environmental management plan which ought to give rise to intensifying recycling initiatives. Lastly environmental by-laws with appropriate punitive mechanism and action plan need to be developed, promulgated and enforced to strengthen compliance thereof.</p>
Capacitate disadvantaged groups	<p>Community capacity be the capacity of the people in communities to participate in actions based on community interests, both as individuals and through groups, organisations and networks. It is not primarily about their ability to act in their personal capacity, family or employers' interest, which are catered for in other spheres. However, many of the same skills are involved, and people who are active in the community invariably benefit in other ways as well. It is therefore critical for the communities to possess skills and knowledge that will assist them to improve the quality of their lives. Knowledge is power.</p> <p>The actions people and groups undertake can broadly be described as Community Activity. This can be divided into three types of activities:</p> <p>Action to build social knowledge: building relationships, trust, shared norms and networks. It involves people taking part in community initiatives, groups and organisations, and those groups communicating with the wider population as volunteers, members and participants</p> <p>Delivering services: these can either be autonomous services provided by communities, or specialist services provided by community or voluntary groups, controlled by contracts or service level agreements with public agencies i.e. CDWs and EPWP</p> <p>Involvement in governance: representing the interests of all local people or of particular groups in influencing decisions that affect the quality of local life, i.e. IDP Rep Forum.</p>
Enhance revenue and financial management	<p>Lephalale Local Municipality seeks to identify potential revenue sources and also increase its own revenue through credit control and lobbying for more external funding for it to create sustainable revenue base to become a fully-fledged city. These mechanisms will therefore entail the establishment of a proper credit control unit to handle credit collection processes. Hence, the improvement on billing accuracy will need to be optimised. These efforts need to be well communicated to</p>

STRATEGIC OBJECTIVES / GOALS	DESCRIPTION OF STRATEGIC OBJECTIVES/RATIONAL
	<p>communities in order to secure buy-in and thereby enhancing democratic governance. Given the complexity of the situation the municipality will need to review its credit control policy and eliminate possible gaps in the process. It is therefore critical for the Budget and Treasury department to develop business plans for projects that need funding and submit to WDM donor funder to lobby for funding. This will afford the municipality with an opportunity to build the city and realise its vision for the next 20 years and beyond.</p>
<p>Create a conducive environment for businesses to invest and prosper</p>	<p>Lephalale Local Municipality seeks to compile programmes and formulate policies and by-laws that encourage entrepreneurship and thereby monitor and evaluate performance of the local economy and investment trends. Project designs to include labour intensive methods and identify opportunity areas and expose SMMEs to incubation projects which will stimulate development and thereby enhance job creation. Ensure LED's involvement and integration of the appointment process of labourers in capital projects. Hence, the advent of mining pertaining to energy within the municipal areas gives rise for the municipality to elaborate on the manufacturing, tourism, mining, wholesale and retail, agricultural and government sectors. In order to promote PPP the municipality needs to develop incentive packages for private investment. Invariably the municipality will seek to develop collaboration agreements with both public and private entities on programme implementation. Furthermore, the municipality needs to establish an entity that will drive economic development and mobilise funding for bulk infrastructure network. Lephalale economic development agency as a vehicle for such development is necessary.</p>
<p>Provide quality and well maintained infrastructural services in all municipal areas</p>	<p>The development of power stations in Lephalale has brought along many challenges associated with infrastructure and service delivery. Apart from the fact that significant backlogs exist in terms of basic service delivery, the Lephalale Local Municipality's needs to refurbish its existing infrastructure that is ageing due to increasing population size as the economy grows. It is therefore critical for the Municipality to consider the development of infrastructure as well as options such as serious investments that is required to refurbish and maintain these assets. The extent of infrastructure development needs in the building of a city is rather uncertain and therefore it is of critical importance that Lephalale Local Municipality should develop an Infrastructure Investment Master Plan. This plan should assist the municipality to classify the current state of infrastructure, assist with integrated planning to ensure planning for provision and refurbishment of infrastructure is taken into consideration and carefully planned.</p>

STRATEGIC OBJECTIVES / GOALS	DESCRIPTION OF STRATEGIC OBJECTIVES/RATIONAL
Rational planning to bridge first and second economies and provide adequate land for development	The Municipality seeks to conduct a land audit for the identified nodal areas well in advance to realise its strategy of becoming a city and thereby bridge the first and second economies. Further investments and establishment of industries and enterprises should be investigated and established to diversify the economy of the municipal area. The municipality must create an environment conducive for economic growth through investments in socio-economic infrastructure to trigger local economic growth and forge partnerships with stakeholders to invest in the local economy. Existing policies should be reviewed, or new policies developed to become more enabling and focused on establishment of partnerships and networks that will enhance and expand the SMME value chain. The spatial positioning and related possibilities to link with and benefit from other growing economies around the municipal area should be exploited through extensive marketing and branding of the municipality as a vibrant city.
Responsible, accountable, effective and efficient corporate governance	Lephalale Local Municipality seeks to strengthen and effectively manage the systems and procedures to ensure that sound governance practices are adhered to. This should begin with the need to ensure the full functionality of ward committee and public participation systems to enhance democratic governance. These will give rise to the need to maximize organisational excellence and provide accountability to the community of Lephalale. Hence, the complexities of becoming a city comes with responsibility and accountability, the development of strategic plans with the long-term vision in mind will be of critical importance. The municipality should plan beyond 2030 to realise its vision of becoming a City. These will also involve the attendance of sector planning and involving sector departments in municipal planning. The development of a credible IDP is the cornerstone of good governance, hence the municipality must ensure that effective functioning of the municipal system and processes by ensuring effective planning, monitoring, reporting and evaluation processes on service delivery improvement and how effectively the IDP outcomes are achieved. These will ensure that a clean audit opinion is achieved by the municipality.
Improve functionality, performance and professionalism	Lephalale Local Municipality seeks to become a fully-fledged City in the coming 20 years. Becoming a city comes with a responsibility to improve the current status quo meaning that the functionality of systems will therefore need to change for the better. The municipality will also need to accelerate its performance and level of professionalism enough to convince government and other stakeholders of its readiness to become a City. Lephalale Local Municipality has thus far begun to interact with international communities bearing the advent of mining, therefore the need to practices international best practices has now become an absolute necessity. It can be said again that the municipality ought to step up its operational standards and governance structure and systems to comply with best practice. Therefore, good governance instilled into the minds and hearts of municipal leadership, management and officials.

The Strategic Impacts for each Strategic Objective as matrix below:

aligned to the NDP and Back to Basics priorities follow in the

9.2. STRATEGIC SUPPORT SERVICES - VOTE 7

The objectives and strategies for the office of the Strategic Services Directorate identified in the IDP per programme / focus area are highlighted below:

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Communication	Responsible, accountable, effective and efficient corporate governance.	Informed and engaged stakeholders.	Prompt, agile and accurate communication to the community through making use of variety of communication platforms.	Develop database of all household that receive municipal services in our jurisdiction. Ensure that all communities have easy access to broadband.	Development and implementation of communication policy. Annually review communication strategy and policy. Update website on monthly basis	Annually review communication strategy and policy. Building capacity in communication unit. Update website on monthly basis
Integrated Development Planning.	MEC IDP credibility rating.	Integrated and credible IDP that drives budget process.	Credible IDP aligned with the NDP, LDP and driving the budget processes. Attendance of sector planning and involving sector departments in municipal planning. Coordination of local IDP stakeholder meetings.	Capacitate IDP unit with research and innovative thinking. Development of strategic plans with long term vision in mind. Project prioritization based upon NDP, innovative strategic planning – IDP to inform the budget.	Building capacity through staff compliment in IDP division. Development of strategic plans with the long term vision in mind. Regular public participation, keeping community members informed and involved in planning.	Development of strategic plans with the long term vision in mind. Regular public participation, keeping community members informed and involved in planning decisions. Proper project prioritization based upon NDP, strategic plan and innovation – IDP to inform the budget Plan beyond 30 years.

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Performance Management	Improve functionality, performance and professionalism.	Empowered workforce that is more efficient and effective.	Ensure accountability through the implementation of integrated performance management. Provide timely, accurate and validated data for reporting and obtaining unqualified audit opinion.	Implement the Performance Management System Framework and policy. Cascade Employee Performance Management to divisional managers and lower levels. Expand the PMS unit.	Sustain performance management and cascade EPM to level 8. Comply with PM legislation. Building PM unit with PM specialists.	Sustain the performance management system. Investigate and implement cascading to all levels if viable. Building PM unit with PM specialists. Decentralize PMS support to all directorates.
Public Participation	Capacitate and improve community well-being.	Ownership of decision making.	Ensure continuous community involvement in matters of planning and development (knowledge is power).	Development and implementation of public participation policy.	Capacitate stakeholders to ensure that people are democratically active in decision making. Implement public participation policy.	Ensure that people understand their roles and responsibilities in democratic government.
Special Projects	Empowered disadvantaged groups.	Community capacity.	Mainstreaming and empowerment of vulnerable groups such as people with disabilities, women & children, aged, victims of abuse, youth and HIV/AIDS. Create opportunities for professional sport stars to emerge. Develop and implement an	Create awareness amongst groups on their opportunities, especially on employment equity regarding people with disabilities. Encourage people to declare their status so that they can benefit from preferential opportunities. Continuously do research on	Strengthen existing structures. Create cooperation amongst structures. Develop and implement an annual programme for special project. Continuously do research on broadening the programmes. Create opportunities for professional sport stars to emerge.	Strengthen existing structures. Create cooperation amongst structures. Develop and implement an annual programme for special project. Continuously do research on broadening the programmes.

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
			annual programme for special project.	broadening the programmes.		
Ward Committees	Capacitate and improve community well-being.	Community involvement in Council affairs.	Fully functional ward committees at all times. Consultation with CoGHSTA regarding their training plans for ward committees during budgeting process. Monitoring and evaluation of the functionality of ward committees by the speakers' office.	Consultation with CoGHSTA regarding their training plans for ward committees during budgeting process. Monitoring and evaluation of the functionality of ward committees by the speakers' office.	Training of ward councilors and ward committees. Monitoring and evaluation of the functionality of ward committees by the Speaker.	Training of ward councilors and ward committees. Monitoring and evaluation of the functionality of ward committees by the Speaker.
LED	Employment opportunities	Job creation	Reduce unemployment rate (27%) by 5% within the municipality. Create employment opportunities through Municipal LED and Capital projects and strategic partners.	To reduce unemployment rate (27%) by 5% within the municipality by 2020 (<i>To be in line with MGs & NDP</i>)	Collaborate with local stakeholders and strategic partners that deals with developmental programmes that provides job creation opportunities	Have fully-fledged LED unit that is able to do proper research related to all economic sectors and facilitate local job creation and beneficiation
LED	Create a conducive environment for business to invest and prosper	Marketing and branding	Increased investment (all sectors) opportunities.	To continuously promote investment in Lephalale area	Facilitation of investment in the municipality for purpose of economic growth	Facilitation of LED for integration of markets and establishment of partnerships

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
LED	Create a conducive environment for business to invest and prosper.	Good Stakeholder Relations.	Facilitate establishment Public Private Partnerships. Develop Collaboration agreements with both public and private entities on programme implementation	To identify and attract potential strategic partners for investment by 2022. Maintain good relationships with strategic partners.	Foster IGR relationships. Develop Collaboration agreements with both public and private entities on programme implementation. Maintain good relationships with strategic partners	Maintain good relationships with strategic partners.
LED	Create a conducive environment for business to invest and prosper.	SMMEs	Enterprise Development. Co-ordinate municipal licensing for small traders. Capacitate emerging farmers.	To continuous link and refer SMMEs to economic opportunities Co-ordinate municipal licensing for small traders. Develop Rooigoud emerging farmers into a viable and sustainable business.	Ensure compliance by regulating and formalizing the street traders in accordance with the Street trading by-law. Coordinate economic development programmes and formulate policies and by-laws that encourage entrepreneurship.	Establish LED offices at each major programme to monitor SMME.
LED	Increasing tourists visiting Lephalale	Tourism Development	Attend business and enterprise exhibitions. Capacitate tourism office. Display hand craft merchandise from small business during the expo.	To continuously promote the tourism office, tourism establishments and attraction facilities	Promoting tourism and attractions through the Lephalale Tourism Association and exhibitions. Capacitating tourism office.	Support Community Tourism Association(CTA) operations with office accommodation

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
LED	Create a conducive environment for business to invest and prosper	Mining Development/ Energy generation and Agriculture development.	To continuously engage with stakeholders and co-ordinate local economic development initiatives and activities.	To continuously engage with stakeholders and co-ordinate local economic development initiatives and activities.	Collaborate with local stakeholders and strategic partners that deal with developmental programmes.	Continuous marketing.

The indicators and targets (whether on the high SDBIP or the Lower SDBIP level) related to the focus areas in the Directorate have been developed to ensure the implementation of the above-mentioned strategies.

The high-level indicators and targets for the Strategic Support

Services Directorate are as follows:

9.3. DEVELOPMENT PLANNING – VOTE 6

The objectives and strategies for the Development Planning Directorate identified in the IDP per programme / focus area are highlighted below:

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Development Planning. BC	Rational planning to bridge first and second economies and provide adequate land for development	Safe and formalised housing structures.	Assessment of building plans submitted for approval. Enforce compliance of municipal building regulation and NBR policies. Streamline and monitor the building plan approval process.	Continuously implement an effective administrative/regulatory framework for building plan approval. Improve on law enforcement as per the NBR and land use management requirements. Continuously apply and enforce compliance on NBR regulation.	Develop a punitive strategy for dealing with building regulation transgressors (e.g. deprivation of electrical services of transgressors).. Fast track the contravention process.	Continuously enforce the building regulations. Continuously apply and enforce compliance on NBR regulation.
Development Planning. BC	Rational planning to bridge first and second economies and provide adequate land for development	Outdoor advertising.	Revenue generation and controlled outdoor advertising. Promulgate Municipal Outdoor Advertising By-laws. Removal of illegal advertising structures.	To ensure compliance to the legislated application procedures by 2017 for revenue generation.	To conclude interdepartmental MOU with RAL for the co-ordination and management of outdoor advertising. Formulate data base / register of outdoor advertisements.	Establish comprehensive outdoor advertising component.
Development Planning. HS	Sustainable integrated urban development	Land availability for development.	Hold meetings with HDA and CoGHSTA with the intention to acquire land for development. Identify land for development based on audit report.	Approach COGHSTA (HDA) for acquiring developmental land. Increase access to decent housing needs.	Land acquisition and budget.	Avail land for development.
Development Planning. HS	Rational planning to bridge first and second economies and provide	Sustainable integrated rural development.	Formalise new extension in rural settlements.	To facilitate sustainable rural settlements by 2022. Verify data on housing needs.	Formalise rural settlements by COGHSTA and develop comprehensive infrastructure plans.	Formalize rural settlements by COGHSTA and develop

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
	adequate land for development		Conduct housing needs registration. Provide consumer education.	Increase access to decent housing needs.		comprehensive infrastructure plans.
Development Planning	Sustainable and integrated GIS System.	Informed spatial planning.	Migration to ArcGis. Have a sustainable and integrated GIS System by June 2016. Technical data preparation for capturing, storage, maintenance and presentation.	Have operational and fully functional GIS intranet/internet website.	Acquisition of relevant software and on-going migration and maintenance.	Complete Migration to ArcGis;
Development Planning	Rational planning to bridge first and second economies and provide adequate land for development	Orderly land use	Consolidate and asses land-use applications. Assess special consent, township rezoning and subdivision.	Develop SDF in line with SPLUMA. To develop and implement all land use policies according to land use principles by 2020.	Ensure responsible land use and sustainable integrated human settlement	Coordination of spatial planning and responsible land use
Development Planning	Sustainable human settlements.	Socio-Economic survey.	Increase access to decent housing.	To verify data on housing needs.	Collection of housing needs and provide the information to CoGHSTA. Managing social housing programmes.	Acquiring accreditation as housing service provider. Managing social housing programmes.

The indicators and targets (whether on the high SDBIP or the Lower SDBIP level) related to the focus areas in the Directorate have been developed to ensure the implementation of the above-mentioned strategies.

The high-level indicators and targets for the Development Planning

Directorate are as follows:

Hierarchy (KPA\ STRATEGIC OBJECTIVE \ Programme)	IDP ID #	INDICATOR	Instruction (method of calculating the indicator)	UOM	Updater	Baseline 2019/20 Actuals	Qtr. 1 Target	Qtr. 2 Target	Qtr. 3 Target	Qtr. 4 Target	Annual Target 2021/22	Annual Target 2022/23	Annual budget	Portfolio of evidence

governance\ Communication			directorates per quarter	number received from each directorate per quarter											Report received from SITA

The indicators and targets (whether on the high SDBIP or the Lower SDBIP level) related to the focus areas in the Directorate have been developed in order to ensure the implementation of the above-mentioned strategies.

9.5. BUDGET AND TREASURY OFFICE – VOTE 2

The objectives and strategies for the Directorate that were identified in the IDP per programme / focus area are highlighted below:

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Budget and reporting	Creditable financial reporting	Continuous compliance with regulatory frameworks.	Continuously implement cost management accounting. Implement quarterly budget banking. Prepare maintenance budget informed by maintenance plan. Enforce market testing of prices during budget processes Compile credible AFS and interim financials Implementation of MSCOA.	Implement proper cost management system Implementation of SCOA Increase capacity of B&R division to realise cost account management	To redefine and implement credible cost accounting systems Implementation of SCOA	To have a cost management automated system
Revenue management	Enhance revenue and financial management	Increased revenue.	Implementation of a streamlined and integrated creditor's payment system. Increase own revenue through credit control. Increase revenue base. General cost coverage through collection, expenditure minimization, improve efficiency in operations. Lobby for more external funding.	Resolving electricity distribution and collection in Marapong and Thabo Mbeki. Improve on billing accuracy. Creating community awareness.	Implement credit control policy and continuously identify additional revenue sources. Development business plans for projects that need funding and submit to WDM donor funder to lobby for funding. Implementing signed agency agreements Review valuation roll	Implement credit control policy and continuously identify additional revenue sources. Development business plans for projects that need funding and submit to WDM donor funder to lobby for funding Implementing signed agency agreements
Revenue management	Affordable access to basic services	Free basic services	Update and verify indigent register on a regular basis. Providing indigents with free basic services. Community awareness.	Update and verify indigent register. Providing indigents with free basic services. Community awareness	Update and verify indigent register. Providing indigents with free basic services. Community awareness	Update and verify indigent register. Providing indigents with free basic services. Community awareness

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
			Develop action plan and changing over to pre-paid system. Establish vending points and systems for pre-paid electrical system.	Implementation of indigent management system Annual review of indigent management policy		
Expenditure Management	Maintenance of sound financial Management and viability.	Clean audit	Cash flow management. Payment of creditors within 30 days. Payment of external loans, interest and redemption due on time.	Implementation of a streamlined and integrated creditors payment system	Extending the capacity of expenditure unit	Extending the capacity of expenditure unit
Supply Chain management	Credible procurement processes	Demand and Acquisition	Ensure compliance with SCM regulatory framework. Timely, cost effective, efficient, equitable, transparent and fair procurement of goods and services. Creating a healthy working environment that takes diversity into consideration to improve efficiency and effectiveness. Compile deviation register for report to council. Do stock reconciliation on a daily basis. Update supplier's data base and invite suppliers to register annually.	Conduct internal workshops on SCM. Conduct awareness on SCM processes during induction of new staff. Updating of database on annual basis. Revision of procurement policy on annual basis. Supplier's performance management. Training of SCM committees. Develop SPI that details the action to be followed in procurement of goods and services for the municipality in line with SCM policy.	Develop policy on procurement of event services Continuous data cleansing of suppliers. Identify recurring procurement that can be outsourced.	Centralization of procurement processes. Updating of database on annual basis Building the capacity in the SCM unit

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Asset Management	Enhance revenue and financial management	Sustainable assets	Continuously ensure that the asset register is compliant with GRAP and other prescriptions. Development and implementation of an infrastructure investment framework and plan. Staff awareness campaign on asset management. Ensuring that municipal assets are adequately ensured.	Develop a register for Work in progress. Annual review of asset management policy. Increase the capacity in asset management unit.	Continuous review and implementation of an infrastructure investment framework and plan. Annual review of asset management policy.	Increase the capacity in asset management unit. Annual review of asset management policy.
Revenue Management	Enhance revenue and financial management	Increased revenue.	Increase own revenue through credit control. Identification of potential additional revenue sources. Review credit control policy and closing all loop holes. Improve on billing accuracy. Continuous implementation of pre-paid electricity and smart metering.	Creating community awareness. Implementation of pre-paid electricity and smart metering. Manage external debt collectors. Revise tariff structures. Development business plans for projects that need funding and submit to WDM donor funder to lobby for funding.	Resolving electricity distribution and collection in Marapong and Thabo Mbeki. Improve on billing accuracy. Creating community awareness. Identification of potential additional revenue sources. Development business plans for projects that need funding and submit to WDM donor funder to lobby for funding. Pursuing the signing of agency agreement for unfunded mandates. Implementing signed agency agreements.	Implement credit control policy and continuously identify additional revenue sources. Development business plans for projects that need funding and submit to WDM donor funder to lobby for funding. Implementing signed agency agreements. Review valuation roll.

The indicators and targets (whether on the high SDBIP or the Lower SDBIP level) related to the focus areas in the Directorate have been developed in order to ensure the implementation of the above-mentioned strategies.

The high level indicators and targets for the Budget and Treasury

The indicators and targets (whether on the high SDBIP or the Lower SDBIP level) related to the focus areas in the Directorate have been developed to ensure the implementation of the above-mentioned strategies.

9.6. SOCIAL SERVICES – VOTE 4

The objectives and strategies for the Social Services Directorate that were identified in the IDP per programme / focus area are highlighted below:

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Public Transport Coordination.	Efficient Transport System.	Coordinate public transport.	Coordinate regular meetings with stakeholders in the public transport sector. Monitoring the suitability of public transport facilities. Conduct feasibility study for the air strip. Review ITP with the assistance of the National Department of Transport.	Implement the integrated Transport Management Plan. Negotiate with dept. PW to take over the airfield function to develop an airport. Develop by-laws in metered taxis and public transport.	Develop the airfield into a municipal airport. Monitor and evaluate the impact of the integrated Transport Management Plan. Development of railway infrastructure	Monitor and evaluate the impact of the integrated Transport Management Plan. Establish rapid transport system.
Environmental Management	Safe, clean and sustainable green environment.	Promote sustainable environment system and improve community awareness.	Provide waste management services. Educate and empower communities on waste management. Establish transfer and drop off centers. Promote waste recycling and reuse. Liaise with Waterberg District Municipality regarding air quality monitoring.	Construction of landfill site. Implementation of the Green Plan (parks). Liaise with Waterberg District Municipality regarding air quality monitoring. Review Integrated Waste Management Plan.	Implement formal environmental education programmes. Liaise with Waterberg District Municipality regarding air quality monitoring.	Implement formal environmental education programmes. Comply with green economy standards and NEM:BA (alien plant eradication and energy efficiently measurements). Implement the Green plan. Eradicate of invasive alien plants to be in line with CARA legislation. Liaise with Waterberg District Municipality regarding air quality monitoring.

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Fire Protection and disaster management	Reduced loss of both property and human life due to fires.	Prevent and manage outbreak of fire and emergency incidence.	Arrive within 60 minutes for every 40 kilometers travelled at incidents after vehicles dispatched. Fire prevention measures through regular inspections on buildings and fire hydrants. Ensure sufficient staff and equipment that are always in good working order. Conduct fire prevention awareness campaign and programmes.	Implementation of fire prevention measures through regular inspections on buildings and fire hydrants. Respond to emergency incidents promptly. Continuous capacity building to ensure efficient and effective rescue measures. Ensure sufficient staff and equipment that are always in good working order.	Implementation of fire prevention measures through regular inspections on buildings and fire hydrants. Respond to emergency incidents promptly. Continuous capacity building to ensure efficient and effective rescue measures.	Implementation of fire prevention measures through regular inspections on buildings and fire hydrants. Respond to emergency incidents promptly. Continuous capacity building to ensure efficient and effective rescue measures.
Library and Information Services	Literate and numerate community.	Free access to information sources and resources.	Run literacy campaigns to 50% of schools within the municipality. Introduce free WI-FI and internet access to all the community. Introduce Read for Fun in conjunction with indigenous games earmarked to 80% of the kids around the municipality.	Provide library and information services at Thusong Centres and Shongoane. Provide access to effective library services by visiting schools (awareness on library services). To support 60% of schools with periodicals by 2022. Promoting library services through printed media.	Review SLA to include funding by the provincial department. Provide access to effective library services by visiting schools. Provide alternative learning mechanism through cyber space.	Establish mobile library facilities Provide library and information services at all Thusong Service Centres. Provide alternative learning mechanism through cyber space. Facilitation of regular library programmes. Promoting library services through media.
Registry	Safety of all road users.	Competent drivers and roadworthy vehicles on public roads.	Testing applications for learners and drivers. Establishment of learner's licence test centre at Mokuruanyane.	Streamline vehicle registration and licensing from learners and driving licenses as well as business licenses.	Streamline vehicle registration and licensing from learners and driving licenses as well as business licenses Accessibility of	Accessibility of testing facilities at radius of 50 KM inclusive of rural areas.

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
				Development of transport policies.	testing facilities at radius of 50 KM inclusive of rural areas.	
Traffic Road Safety and Security.	Changed driver behaviors.	Reduction of fatal and road traffic accidents.	Conduct joint law enforcement operations with other law enforcement agencies. Enforcement of traffic laws and regulations. Conduct vehicular registration and speed checks.	Increase the appointment of Traffic Officers and Traffic Engineers. To decrease the road traffic accidents by 2022.	Secure appointment of Traffic Engineers. Conduct joint law enforcement operations with other law enforcement agencies. Install traffic violation measuring cameras.	Enforce compliance to Road Traffic Act 93/96 and AARTO. Secure appointment of Traffic Engineers. Undertake Road traffic safety education.
Safety and Security	Safe and secured communities.	Protect the environment and improve community well-being.	Protection of Municipal assets and its employees. Coordination of safety and security programmes.	Continuously coordinate safety and security in communities. Implement Municipal security system.	Coordination of safety and security programmes.	Coordination of safety and security programmes.
Parks recreation facilities and cemetery.	Provide clean and healthy environment.	Improved mental and physical well-being.	Establish tree planting programme and implement it. Maintain Municipal terrain ,grounds, open space, amenities and existing parks and stadia. Eradicate invasive alien plants.	Establishment of regional/Local cemeteries. Establish new parks in rural areas. Upgrading of sports facilities. Eradication of invasive alien plants to be in line with CARA legislation.	Maintain existing parks and stadia. Eradicate invasive alien plants to be in line with CARA legislation.	Implementation of the Green Plan (parks). Comply with green economy standards and NEM:BA (alien plant eradication and energy efficiently measurements).

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Thusong Centres	Access to Governmental information service.	Bring Government services closer to communities.	Manage the rental of space for essential services at Thusong centre. Marketing of the Thusong Centre. Renting space at the Thusong Centre to external stakeholder. Have formal lease agreement with services providers and the Centre. Compile monthly reports and submit to Office of the Premier and the Municipality.	To ensure that ten service providers render essential services at the Thusong Centres. Making office space available for essential services to be provided. Monitor services provided. Maintaining the Thusong premises.	Manage the rental of space for essential services. Monitor services provided Maintaining the Thusong premises.	Manage the rental of space for essential services. Monitor services provided. Maintaining Thusong premises. Extend the services provided at the Thusong Centre.

The indicators and targets (whether on the high SDBIP or the Lower SDBIP level) related to the focus areas in the Directorate have been developed to ensure the implementation of the above-mentioned strategies.

The high level indicators and targets for the Social Services

Directorate are as follows:

Hierarchy (KPA\ STRATEGIC OBJECTIVE \ Programme)	IDP ID #	ID	INDICATOR	Instruction (method of calculating the indicator)	UOM	Updater	Baseline 2019/20 Actuals	Qtr. 1 Target	Qtr. 2 Target	Qtr. 3 Target	Qtr. 4 Target	Annual Target 2021/22	Annual Target 2022/23	Annual budget	Portfolio of evidence

The indicators and targets (whether on the high SDBIP or the Lower SDBIP level) related to the focus areas in the Directorate have been developed to ensure the implementation of the above-mentioned strategies.

9.7. INFRASTRUCTURE SERVICES – VOTE 5

The objectives and strategies for the Infrastructure Development Directorate that were identified in the IDP per programme / focus area are highlighted below:

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Water	Provide quality, sustainable and well-maintained infrastructure services for Lephalale's future development	Reduce water loss to less than 14%.	Reduce water loss by 3%. Embark on awareness campaign on water conservation. Replace AC pipes and repair household metering.	Ensure that water losses are at acceptable standards not acceding 14%.	Implementation of water conservation and water demand management programme. Reduce water losses to less than 14%. Install water smart metering system.	Improve efficiency and accuracy of water management system to further reduce water losses e.g. smart metering, monitoring of illegal uses. Conduct continuous water awareness and conservation campaigns.
Water	Provide quality, sustainable, and well-maintained infrastructure services for Lephalale's future development.	Water infrastructure maintenance and Upgrading.	Ensure that all AC pipes are replaced by 2020. Refurbishment of existing water infrastructure. Resolve all water breakdowns within 24 hours.	To ensure that all AC pipes are replaced by 2020. To attend and resolve all water breakdowns within 24 hours	Expand on teams and employees responsible for maintenance of water infrastructure	Implement and adhere to preventative maintenance plan and effectively attend to reactive maintenance aspects. Refurbishment of existing water infrastructure.
Water	Provide quality, sustainable, and well-maintained infrastructure services for Lephalale's future development	Water Quality (Blue Drop)	Safe drinking water	Maintain blue drop status (minimum of 90%), risk rating to be less than 50%.	Monitoring of water quality within all registered water sources	Establishment of own accredited water testing laboratory for ensuring water quality
Water	Provide quality, sustainable, and well-maintained infrastructure services for Lephalale's future development	Water Supply	Access to water supply to all the community.	Ensure that all households have yard connections by 2030 Review water master plan to be incorporated within the integrated rural development plan.	Implementation of regional water scheme projects (MIG) Ensure that MCWAP plans incorporate the rural water demand. Finalisation of Section 78(3) process with regards to determination	Upgrade rural water networks (source, storage and reticulation) from RDP standards to yard connections and implementation of mechanisms of metering, billing and invoicing of services delivered.

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
				Linking Marapong supply with the Zealand treatment works.	of appropriate mechanisms for water provisioning. Conduct surveys and development of feasibility study for development of technical report and realistic funding requirements.	Implement credit control mechanisms to create culture of payment for services.
Sanitation	Provide quality, sustainable and well maintained infrastructure services for Lephalale's future development	Sustainable environment and infrastructure.	Zero spillage of sewer. Attend and resolve all sanitation breakdowns within 24 hours. Refurbish existing sanitation infrastructure and adhere to preventative maintenance plan.	To implement mechanisms to reduce sanitation spillages to achieve zero spillages by 2020 To attend and resolve all sanitation breakdowns within 24 hours	Install telemetric systems for sewer pump stations To upgrade capacity of WWTW at all nodal points by 2021	Conducting awareness campaigns on health and hygiene matters Implement and adhere to preventative maintenance plan and effectively attend to reactive maintenance aspects. Refurbish existing sanitation infrastructure
Sanitation	Provide quality, sustainable, and well-maintained infrastructure services for Lephalale's future development	Sanitation (New Infrastructure)	Acquire design plan for WWTW, conduct EIA and increase capacity of Paarl WWTW.	Safe, affordable and hygienic sanitation systems. To establish a city wide water borne sanitation system by 2030.	Conduct feasibility study and compile sanitation master plan for both rural and urban areas	Upgrading of existing sanitation infrastructure for the establishment of a city wide water borne sanitation system
Sanitation	Provide quality, sustainable, and well-maintained infrastructure services for Lephalale's future development.	Wastewater Quality (Green Drop).	Sustainable environment. Implementation of preventative maintenance plans and adherence to service standards.	To establish a compliant, healthy and hygienic sanitation system by 2020. Implementation of preventative maintenance plans and adherence to service standards.	Implement plans to ensure compliance (submission of portfolio of evidence for maintenance of sewer network) to green drop requirements and standards (inclusive of sampling)	Manage and maintain existing sewer infrastructure to maintain compliance to green drop standards and minimize risks. Implementation of preventative maintenance plans and adherence to service standards.

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Electricity	Provide quality, sustainable and well-maintained infrastructure services for Lephalale's future development	Sound maintenance plan for electricity.	Develop electricity maintenance plan. To increase the effective utilisation and upgrade the capacity of the electricity network with 120 MVA by end of 2017.	To ensure continuous and reliable supply of electricity to all residents within the Lephalale municipal area.	Upgrade aluminium cables within the old reticulation area to copper cables Upgrade water and sewer electric panels to more modern energy saving panels. Upgrade internal (feeder lines) reticulation within town (Onverwacht substation to Lephalale town) to accommodate 80MVA.	Incorporate and integrate all electricity provisioning (inclusive of all rural areas) within the whole Lephalale municipal area Extending of distribution license from NERSA of Marapong and rural villages to fall within the Lephalale municipal licensed area
Electricity	Provide quality, sustainable and well-maintained infrastructure services for Lephalale's future development	Reduce electrical loss.	Reduce electrical loss by %. Get return line from	To provide all households within the municipal area with electricity in line with national targets by 2030	Review electricity master plan	Complete ring feed of entire back bone structure of electrical infrastructure
Electricity	Provide quality, sustainable and well maintained infrastructure services for Lephalale's future development	Energy Efficiency.	Reduce carbon footprint.	To continuously implement energy efficiency measures	Control systems and capacitate banks in main substations Conduct an energy efficiency audit To exchange energy consuming lights with energy saving lights (High masts and street lights). Installation of ripple	Promote and enforce consumer compliance to energy saving initiatives (solar geysers, solar lights, inverter air conditioners and energy relay controls)

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Mechanical infrastructure and Fleet Management.	Provide quality, sustainable and well maintained infrastructure services for Lephalale's future development	Mechanical fleet maintenance plans.	To maintain and grow the municipal fleet as Lephalale grows.	Implement fleet management system and enforce proper control mechanisms. Review fleet management policy	Implement fleet management system and enforce proper control mechanisms. Build capacity in fleet management unit	Implement fleet management system and enforce proper control mechanisms.
Municipal buildings and Infrastructure	Provide quality, sustainable and well-maintained municipal buildings.	Sustainable infrastructure.	To attend to all maintenance aspects within 24 hours. Attend to maintenance program scheduled for municipal buildings.	To continuously upgrade municipal buildings to keep abreast of growth and development.	Appointment of long-term service provider to attend to maintenance of air-conditioning within municipal buildings. Expand maintenance team to be suitably staffed to attend to maintenance program scheduled for municipal buildings.	Maintain municipal buildings to increase the lifespan of the buildings

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
Roads, Storm water and Infrastructure	Provide quality, sustainable, and well-maintained infrastructure services for Lephalale's future development	Smooth flowing traffic.	Lining of open channels in town and Marapong. Upgrading 5 km gravel roads to tar per year. Resealing 7 km out of total of 223km of streets in Onverwacht, Town and Marapong per year.	To maintain all municipal roads as per required standards and timeframes (as per schedules) Upgrading of storm water system from earth to lined.	Review access road upgrading plan and schedule to be incorporated into integrated rural development plan. Development of grading programme and schedule in co-operation with members of Infrastructure Portfolio Committee. Procurement of at least one additional grader and TLB	Implement the access road upgrading plan as per schedule and priorities. Upgrade all access roads to villages from gravel to tar by 2030.
Roads, Storm water and Infrastructure	Provide quality, sustainable, and well-maintained infrastructure services for Lephalale's future development	Roads and Storm water (New infrastructure)	Build new Municipal roads and storm water. Linking the local road network to the provincial arterial roads. Unlocking industrial corridors.	Construct the southern and northern by-pass roads by 2020	Review roads and storm water master plan for incorporation into Rural Development Strategy plan Provide for walkways and pavements in town, Onverwacht and Marapong Provide and construct another Marapong access road	Construct southern and northern by-pass roads with adequate and sufficient linkages. Construct and develop of storm water measures in Marapong. Improve culverts in all rural villages
PMU	Timeous completion of projects in line with infrastructure plan.	Projects and contract management.	Ensure that all Capital project are implemented within planned period and budget. Quality assurance.	Contract Management Projects Registration. Three Year Service providers to reduce procurement delays and under-spending.	Funded projects progress monitoring and evaluation. Continuous contract Management for project implementation.	

PROGRAMME	OUTCOME	Programme Objective	Immediate Strategies (1-2 Yrs)	Short Term Strategies (3-5 Yrs)	Medium Term Strategies (5-10 Yrs)	Long Term Strategies (10 Yrs+)
				Municipal Funded projects progress monitoring.		

The indicators and targets (whether on the high SDBIP or the Lower SDBIP level) related to the focus areas in the Directorate have been developed to ensure the implementation of the above-mentioned strategies.

The high-level indicators and targets for the Infrastructure

Directorate are as follows:

Hierarchy (KPA\ STRATEGIC OBJECTIVE \ Programme)	IDP ID #	INDICATOR	Instruction (method of calculating the indicator)	UOM	Updater	Baseline 2019/20 Actuals	Qtr. 1 Target	Qtr. 2 Target	Qtr. 3 Target	Qtr. 4 Target	Annual Target 2021/22	Annual Target 2022/23	Annual budget	Portfolio of evidence

10.CAPITAL WORKS PLANS

10.1 CAPITAL PROJECTS

A detailed three-year capital works plan is required to ensure sufficient detail to measure and monitor delivery of infrastructure projects on a ward-by-ward basis. The budget is aligned to the objectives, projects, and milestones to enable the SDBIP to serve as monitoring tool for service delivery and budget implementation.
