## 1. Purpose

The purpose of this report is to give feedback regarding the non-financial performance of Lephalale Local Municipality for the mid-year of the 2016/17 financial year. This report is in compliance with section 72 (1) of the Municipal Financial Management Act (MFMA)<sup>1</sup> whereby:

The Accounting Officer must by 25 January of each year –

- (a) assess the performance of the municipality during the first half of the financial year, taking into account –
  - (i) the monthly statements referred to in section 71 for the first half of the financial year;
  - (ii) the municipality's service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan;
  - (iii) the past year's annual report, and progress on resolving problems identified in the annual report; and
- (b) submit a report on such assessment to—
  - (i) the mayor of the municipality;
  - (ii) the National Treasury; and
  - (iii) the relevant provincial departments, i.e. Treasury, Cogesta and Office of the Premier

This non-financial first quarter performance report contains information about:

- ▶ Quarterly performance against quarterly and annual targets as per the SDBIP is reported on. The SDBIP for 2016-2017 contains the objectives and indicators as per the Municipal IDP as well as General Indicators. The SDBIP for 15 was developed to reflect ***cumulative performance***,

therefore the status of indicators are a reflection of the overall performance level achieved year to date.

- ▶ Measures taken to improve performance
  - Corrective action is included for each KPI
  - Section on improvement from challenges in previous financial year’s Annual Report as per the Annual Performance Report from the previous financial year
- ▶ Comparison of performance against set targets and performance in previous financial year
  - Calculations to calculate the variance between actual quarterly performance and annual targets are included for each KPI in the form of colour coded scoring.
  - Comparisons of performance against quarterly targets are highlighted in the form of colours based on scores which were calculated using an automated system adapted to comply with the Lephalale Local Municipality’s performance management requirements. The scoring method utilised is in line with the assessment rating calculator prescribed by the Local Government: Municipal Performance Regulations for Municipal Managers and Managers directly accountable to Municipal Managers, Regulation 805 of 2006. An explanation is as per the table below:

Colour code	Scoring	% Target achieved	
Rating	Score	Low	High

## 9. Risks and Recommendations

The Auditor-General evaluated the Annual Performance Report of 2015-16 against the overall criteria of usefulness and reliability. The usefulness of the reported information to determine whether it was presented in accordance with the National Treasury's annual reporting principles and whether the reported performance was consistent with the planned strategic objectives were evaluated.

Tests were also performed to determine whether indicators and targets were well defined, verifiable, specific, measurable, time bound and relevant as required by the National *Treasury's Framework for managing programme performance information (FMPP)*.

The reliability of the reported performance information to determine whether it was valid, accurate and complete was also assessed.

The audit conclusions were as follows:

Selected strategic objective	Usefulness	Reliability
• Electricity	• Unqualified	• Unqualified
• Water	• Unqualified	• Disclaimer
• Sanitation	• Qualified	• Qualified
• Refuse	• Unqualified	• Qualified
• Roads	• Unqualified	• Unqualified

The opinions show an improvement on predetermined objectives reporting, with electricity division achieving an unqualified Audit Opinion.

Regarding the disclaimer and qualified conclusion on reliability related to water, sanitation and refuse it was found that adequate and reliable corroborating evidence could not be provided for a significantly important target to assess the reliability of the reported performance information that was due to lack of frequent review of the validity of reported achievements against source documentation, although for the rest of performance information, it was found that in all material respects, is useful, except for sanitation, in accordance with the identified performance management and reporting framework.

As corrective action to address the concern rose by the Auditor-General, in future the validity of reported achievements against source documentation will be reviewed at least on quarterly basis.

## 10. Limitations of evaluation

1. There is no automated Performance Management used for implementation of performance Management , only manual collation of performance information on excel spread sheets
