Building a vibrant city to be the energy hub of Africa

Heritage Month Celebrated

September marked Heritage Month celebrations in South Africa under the theme, ***“Our indigenous knowledge, our heritage: Towards the identification, promotion and preservation of South African’s living heritage,”*** The aim of this year’s celebrations was to create awareness through educational programmes, dialogues, and other public activities on the importance of collective heritage as a vehicle to foster social cohesion, nation building, economic development and inclusive citizenship. National Heritage day was held on 24 September and was hosted by the Limpopo province. Locally Lephalale Municipality hosted a heritage indaba and on 30 September employees showcased their traditional attire at the Municipality’s annual heritage month competition. Congratulations to the winner in the ladies category, Rachel Seleka. The men’s competition was won by Kevin Montshiwa.

It’s official!

It was announced to Lephalale Municipality staff members on Wednesday, 30 September that Me. Edith Tukakgomo has officially been appointed as Municipal Manager.

Me. Tukakgomo told staff that she is excited about leading the administration and will need their support in working towards building a metropolitan city. She brings with her 25 years’ experience in government and public sectors. We wish her well and many successful years in her role as MM.

New Shopping Centre at Phahladira

The Mayor of Lephalale, Cllr Jack Maeko attended a sod turning event for the proposed Phahladira Town Centre, 43 km North East of Lephalale on the R518 in September. The planned complex will provide 60 000 residents in this district with much needed retail facilities. Phase 1 of the new development will comprise of a 7000m² complex, anchored by a 2800m² Shoprite Supermarket.

Fernridge research indicates that there is R16 million grocery-spend in this node, but that the nearest supermarket is 40km away. Phahladira Town Centre will cater to this underserved catchment area, addressing food, fashion and furniture needs in the area; and saving residents significant transport costs.

Construction of the Phahladira Town Centre complex will translate into job opportunities for local residents. Once completed, the complex will provide 350-400 permanent jobs. The complex should be completed by September 2016.

LLM – assisting recyclers in Lephhalale

Lephhalale Municipality in conjunction with PRASA (the Paper Recycling Association of South Africa); PETCO (a Recycling company specialising in the recycling of PET bottles) and the Department of Public Works (EPWP – Enterprise development) recently hosted a training session for recyclers at the Disaster Management Centre in Lephhalale. The aim of the event was to enhance business skills through training in Financial and Business Management. The initiative forms part of Lephhalale Municipality's vision to minimize waste and to create jobs through recycling entrepreneurship. Altogether twenty four recyclers attended the three day training course.
